

# COMPLETE FIRST MILITARY CENSUS OF U. S.

## NO UNTOWARD EVENT MARS REGISTRATION

More Than Ten Million  
Young Americans Enroll  
for War Service

## MESSAGES REASSURING

Governors Unanimous in Re-  
porting That a Full Regis-  
tration was Indicated

## NO BAR TO ENLISTMENT

WASHINGTON, June 5.—More than ten million young Americans enrolled themselves today for war service. Registration day, with but a few weeks of preparation saw completed the first military census ever taken in the United States without a single untoward event of consequence.

The manhood of the nation obeyed the presidents call, setting at naught all the schemes and plottings of German sympathizers and the few cranks who have agitated against registration.

Receive Reassuring Messages  
From virtually every state reassuring messages came tonight to Brig. General Crowder, federal supervising officer of the great enterprise. While no complete returns from any state were transmitted up to a late hour the governors were unanimous in reporting that complete quiet had prevailed throughout the day and that a full registration was indicated.

In some precincts the late comers forced officials to keep the polls open long after the closing hour set in the regulations.

General Crowder authorized them to keep open as long as men wished to enroll.

The early reports indicated that the estimates of the census bureau as to the number of men within the specified age limits would be verified.

Idaho's a Typical Message  
A typical message received was that from Idaho: "Registration will be 100 per cent," it said. "Spontaneous and without murmur or incident."

The situation was so clear and the response so ready throughout the country that governors of 46 of the 48 states had sent similar assurances long before registration had closed and the other two were close on their heels.

A feature of the registration was the refusal of hundreds of thousands of men to make any reply to the question "Do you claim exemption?"

Even men who reported that they had dependent families; men with obvious physical disabilities and those whose occupations are certain to keep them at home, declined to make such a claim. Apparently they have entered fully into the spirit of the law. They are ready to do their share whatever it may be.

Instructions to registrars were complete and clear. Their task has been made as simple as possible and General Crowder is hopeful that another 36 hours will see the full record of the country on his desk.

Several Steps to be Taken  
There remain several supplementary steps to be taken. Today's registration included only continental United States. Alaska and Hawaii will record their fighting men on dates to be set later and the roll of Americans now abroad who are besieging consulates all around the world for registration cards will add to the great list. The state department was called upon for additional cards today by the thousands.

General Crowder said it clear that registration acted as a bar against no man who wished to enlist in the army or navy. Any man who enrolled himself today who had patriotic impulse bids him step into the ranks now and not await selection day, will pass from the registration lists automatically. A man may take his choice as to the part of the great national army in which he will serve.

Many cards mailed by men absent from their home precincts failed to show the present address of the individual.

Governors of many states," General Crowder said in a statement, "report that the registration cards of absentees which are reaching home precincts in many instances do not carry the present address of the absentee who is mailing the card."

It is impossible in these cases to mail registration certificates to such absentees. An absentee who has made this mistake should at once send his address to the registrar of his precinct and request a certificate."

No Trouble in Wisconsin  
Milwaukee reported there was not

## TELL PART ADVERTISING MEN MAY PLAY IN WAR

Associated Advertising Clubs  
Discuss Theme

Delegates are Told Importance of  
Advertising in Working Out War  
Policies of Great Britain and Canada.

St. Louis, Mo., June 5.—The part which the advertising men of the United States may play in the war was the theme at today's sessions of the Associated Advertising Clubs of the World.

Lists Advertising Achievements  
The delegates were told of the importance of advertising in the working out of the war policies of Great Britain and Canada. J. Murray Allison, former advertising manager of the London Times and now publisher of Land and Water, tabulated what advertising had done for England. He listed the achievements as follows:

"It raised 3,000,000 fighting men under the voluntary system."

"It raised countless billions of dollars in loans floated in England."

"It raised millions in private donations for the various war charities."

"It discovered to the authorities over 1,000,000 men whose trades and their knowledge of those trades made them skilled munition workers."

"It persuaded over 1,000,000 women to offer their country the labor of their hands to release the male workers for other duties."

"Advertising taught the people of Great Britain to work harder and produce more to give up their useless luxuries when it was necessary to consume less petrol, less rubber."

Not Easy to Persuade Officials  
Mr. Allison continued: "It was not always easy to persuade the various departments of government to allow us to aid them. My own experience was limited to the admiralty and I shall never forget my first interview with the shy and retiring, the gallant men who lurk in the dark chambers of that edifice. I had elaborated my plans for increasing recruiting at some length and when I had concluded a distinguished admiral asked: 'Are we to understand sir that you desire to boom the navy in some manner?' To which I replied, 'That, admiral, would be my purpose.'"

"There was a short silence, then the gallant sailor replied: 'You are evidently not aware sir, that the royal navy is known as the silent service.'"

"After the experience on the second war loan there was no need for us to persuade the authorities as to the value of advertising. As I have said it has been employed ever since for every purpose that the government has sought to accomplish."

Speaks on Patriotism  
George W. Simmons of St. Louis spoke this afternoon on patriotism before the retailers' department.

The Associated Advertising Club this afternoon adopted a resolution calling on President Wilson as commander in chief of American industry "to do his utmost to prevent the curtailment of business conventions."

The resolution was presented by Edgar E. Allen of Chicago who said anything like curtailment of the activities of business men would be false economy.

An open performance of the opera Aida was given in Forest Park tonight for the entertainment of the visiting advertising men.

## TORNADOES COLLECT TOLL OF TEN LIVES

KANSAS CITY, June 5.—Tornadoes, high winds and heavy rains thru portions of Kansas and Missouri tonight collected a toll of ten lives. Many persons more or less seriously injured, severe property and crop damage and brought small rivers and creeks to alarming stages.

The most serious loss of life occurred at Richmond, Mo., where two women and a child killed and three negroes seriously injured. The dead:

Mrs. Gerald Brown.

Miss Fannie McGaugh, sister of Mrs. Brown.

Kenneth Brown, 20 months old, son of Mrs. Brown.

In Kansas the storm's fury apparently settled in Shawnee county where a strip one mile wide was devastated from Eskridge to Bishop. Two men are reported killed at the latter point. A negro boy was killed at Lawrence. Olathe, Kans., 20 miles from this city also was visited by a tornado and several houses demolished. Two persons were injured seriously. Larned, St. John and Trousdale, nearby towns, reported damage. Two men were killed near Elmont and that virtually razed. Concordia reported a terrific hail storm which injured crops and at Great Bend there was heavy damage by high wind.

MAY CHANGE FOOD BILL  
Washington, June 5.—Changes in the administration food control bill to extend the scope of provisions governing licensing of manufacturing plants, and distributing and storage houses probably will be made as a result of a conference today between Herbert C. Hoover, Secretary of Agriculture, and the committee.

Representative Anderson of Minnesota, another member of the committee. The bill will be reported to the house favorably by the end of the week.

ARREST MAN FOR  
REGISTERING TWICE  
Richmond, Va., June 5.—Israel Gerson was taken into custody here today for registering twice.

(Continued on Page 4.)

## ALBANIA DECLARES ITS INDEPENDENCE

WASHINGTON, June 5.—Albania, following a council of a majority of its chieftains, has declared its independence and has requested the protection of the Italian government until such time as the independence of the country can be maintained effectively. It was learned here tonight thru official despatches from Rome. An announcement to this effect probably will be made shortly by the American state department. Italy after considering the Albanian proposal, it is reported declared itself in agreement with the plan.

## ANTI-REGISTRATION PARADE STARTS RIOT

State Troops Disperse Mob  
With Fixed Bayonets

Women Marchers Attack Policemen  
Who Attempt to Break Up Procession—Several Shots Are Fired But No One Was Hurt

Butte, Mont., June 5.—A parade of foreign extraction, in protest against registration, started a riot here late today.

The paraders, all shouting against war and registration, had gone but a short distance when citizens began gathering, blocking the passage of the paraders. Policemen who attempted to break up the procession were attacked by the women marchers. Several shots were fired but no one was hurt. Mayor Maloney, addressing a crowd of 2,500 persons announced that he would give them fifteen minutes to disperse. State troops who had been held at their barracks were ordered to clear the streets and with fixed bayonets proceeded to disperse the mob. Several arrests were made.

The city virtually is under martial law, groups of soldiers patrolling all the streets allowing no crowds to congregate.

## GERMANS WOULD DISMEMBER RUSSIA

COPENHAGEN, Via London, June 5.—A program for the general dismemberment of Russia was put forward at a meeting at Essen of the newly formed Rheinisch-Westphalian branch of the independent committee for a German peace, the organization of the Pan-Germans.

Blood and iron was the keynote of the meeting and the speaker's advocated far reaching plans of German territorial aggrandizement.

The speaker declared it was useless to attempt separate peace negotiations with the Russian provisional government but suggested that advantage might be taken of present conditions in Russia to approach the Finns and Little Russians with peace proposals. He asserted that the speaker further advocated the seizure by Germany of Lithuania and Courland and the colonization by two million German-speaking Russians from the interior of the Slav dominations, thus weakening Russia and establishing complete blockade of dependent states east of Germany and Austria and Austria-Hungary.

Professor Huch of Marburg University, another of the speakers recommended, according to the Reichs-Zeitung, the imposition of war indemnities in the form of raw materials such as Sweden extracted from Prussia after the thirty year's war.

EXPECT BITTER FIGHT IN  
AUSTRIAN PARLIAMENT  
AMSTERDAM, Via London, June 5.—A Vienna despatch to the Vossische Zeitung, discussing the prospect of serious dissensions in the coming discussions of the Reichsrat, says that the position of Premier Clemens has become more perilous since the opening of parliament. The despatch says that the greatest trouble is likely to arise from the airing of the grievances of the Czechs, Germans, Poles and Socialists.

One of the questions which is expected to precipitate a bitter fight is the imprisonment of the Czech leader and deputy, Herr Klotz who is, in jail on charges of high treason. Herr Klotz has been elected head of the Czech union and most of the parties in the Reichsrat, the despatch says, agree that his release must be demanded.

Herr Klotz was convicted of trying to effect an agreement between Russia and Bohemia. He was sentenced to death but this sentence was cancelled by Emperor Charles.

SCANLAN INTRODUCES BILL  
Springfield, Ill., June 5.—The bill proposing to give the state council of defense power to issue and revoke licenses for solicitation of funds for relief, was introduced in the house today by Representative Scanlan at the request of Governor Lowden with the governor's recommendation that it pass. The bill was advanced immediately to second reading. The bill would prevent irresponsible persons from soliciting funds on various pretenses.

THREE HUNDRED RUSSIANS  
DECLINE TO REGISTER  
Phoenix, Ariz., June 5.—Three hundred Russian colonists settled near Glendale nine miles west of Phoenix declined to register today. They are members of a religious order, the Molokans, and had taken a vow against warfare.

GUARDSMEN QUELL  
OUTBREAK AT JOLIET  
Thousand Convicts Object  
to New Rules Enforced  
by Warden Bowen

Disorder Almost Continuous  
from First Outbreak Until  
Troops Restore Order

JOLIET, Ill., June 5.—After one prisoner had been killed, eight severely injured and several others hurt today, during three riotous outbreaks at the state prison by a thousand convicts who objected to new rules enforced by Warden A. L. Bowen, a rainstorm drove the last two hundred of the mutineers to the cell house also they had stubbornly refused to cower before the bayonets of national guardsmen who quelled the outbreak.

Fires set within the prison buildings destroyed the prison yard office building, the canteen shop, the office building and portions of the chapel, the oil house, the lumber store building, a ration shop and a chair shop, entailing a loss of \$20,000. Several other buildings were damaged by the flames.

The casualties:  
Dead  
Don Flaherty, life term convict from Chicago, died of concussion of the brain, sustained in jumping from burning library.

Injured  
Peter Waters, prison guard, eye put out with brick thrown by rioters.

William Haywood, guard, hit by bullet.

Michael O'Connell, life term convict, probably fatally injured by jumping from library window.

Walter Weed, convict, injured in jumping from burning building.

Walter O'Brien, formerly Chicago police sergeant, hurt in jumping from building.

James Williams, convict, stabbed by rioter while fighting the fire.

John Murphy, life convict, said to be a leader of riot; skull fractured, probably fatally, by guard with clubbed rifle.

There were three riots during the day but the disorder was almost continuous from the first outbreak until order was finally restored by soldiers. All offenders are locked in cells tonight and Warden Bowen said the strictest discipline would be enforced until the unruly spirit had been smothered.

Drive Guards to Cover  
The first disorder came at breakfast when 500 convicts showed displeasure over an order issued by Warden Bowen that hereafter prisoners should receive no visitors except relatives. After a few shouts of disapproval the men, as by concerted action, began throwing all the tableware about the room, breaking furniture and driving the guards to cover.

The second outbreak followed the setting of a fire in the chair factory about three hours later. The prison fire department was assaulted and driven back by revolting convicts when an attempt was made to extinguish the blaze. The fire had not gained great headway, however, and by free use of the fire hose the convicts were driven back and flames put out.

The mutterings of partly cowed convicts caused the warden to ask for state troops. There was some delay in getting this aid as the militiamen in Joliet are in federal service and an order had to be obtained from army headquarters in Chicago. By the time the soldiers arrived fires had been set in several places and it looked for a time as tho the prison would be destroyed.

Bayonets Cow Prisoners  
The outbreak of prisoners in connection with this fire was so threatening that Captain C. Ridgway ordered the soldiers to fix bayonets and drive the men back while the fire department combated the flames. Ridgway and Warden Bowen walked boldly towards the threatening convicts, commanding them to stand back in a corner of the prison yard. The rebels refused to move and shouted threats at the officers, but as the glint of bayonets came close they began to give ground. As the bayonets of the front ranks of the convicts they winced and finally broke into a run. The convicts were told they must return quietly to the cell house or suffer an attack by the troops with rifles. With the flames crackling near them the men refused to yield, apparently hoping the fire would get the better of the fire department and release all to the open fields, but as the flames finally began to quench many of the revolters

(Continued on Page 4.)

## TWO CONCERNS FILE INCORPORATION PAPERS

SPRINGFIELD, Ill., June 5.—In corporation papers were filed here today by the following:

The Coal and Supply company of Decatur, to buy, sell and deal in coal minerals, clay and clay products and to do a general merchandising business, capital stock \$10,000. Incorporators E. E. Stuart, J. N. Bascom and Edgar H. Allen.

Pearson and Westberg, Rockford, Ill., to manufacture, buy and sell electrical fixtures and appliances, capital stock \$5,000. Incorporators Lawrence E. Pearson, Floyd W. Westberg and Jeanette Westberg.

## GERMAN TAUBES MAKE AIR RAID ON ENGLAND

Official Report Says Two Are  
Killed and 29 Injured

Enemy Aircraft Hotly Engaged By  
British Aircraft Guns and Aviators  
Driven Back—Two German  
Machines Destroyed.

London, June 5.—The official announcement of the air raid over England today says two persons were killed and twenty-nine injured. The German machine reported down is said to have tumbled headlong into the sea. Another machine is reported to have been hit.

Persons arriving in London from the raided area state that ample warning of the approach of the raiders was given and that British air men were patrolling before the enemy reached the coast. The weather favored the invaders who, flying at a great height, tried to penetrate inland under the cover of small cloud banks.

They were quickly located and engaged by airplanes and land batteries whose defense was so effective that they penetrated only a few miles inland and after dropping bombs speeded away.

An eye witness says that at one of the raided places the people were entertaining wounded soldiers on trips in sailing boats. The shore was crowded with women and children. The gunfire of the shore batteries caused no great excitement at the outset, it being supposed that they were being used in practice. But suddenly enemy planes came into full view and apparently within range of the guns. A few minutes later one of them was seen somersaulting from the clouds and amid a storm of cheering it dropped into the sea.

SAYS BAKER ADMITS MEN  
RELUCTANT TO ENLIST  
AMSTERDAM, June 5.—Via London.—The Frankfurter Zeitung says:

"Our special correspondent at New York cables under date of June 3, that the American secretary of war admits in the newspapers that the conscription law is such a revolutionary novelty for the American people that a certain amount of reluctance to join the colors is understandable."

The Frankfurter Zeitung thinks this is a serious symptom and interprets it as a condemnation of the war by the American people, not because Americans are more cowardly or indifferent than others, it explains, for the American is a born fighter and would cheerfully rush to arms if convinced that his country's vital interests, real honor or existence was at stake, but this conviction is evidently lacking.

"From the beginning, the paper continues, 'it was Wilson's war and in the opinion of the American nation it clearly remains an enterprise frivolously begun, entirely unnecessary and therefore highly immoral.'"

PASS BILL TO LIMIT  
HEIGHT OF HEELS  
Springfield, Ill., June 5.—The Kirby bill to limit height of shoe heels passed the house today with 78 affirmative votes just one over the required constitutional majority, even were cast against it. The bill would prohibit sale of shoes with heels above 1.3-8 inches in height.

Representative Kirby told the house the medical profession favored the bill and it was not "joke legislation."

## RESCUES AVIATOR FROM SEA

Toulon, France, June 5.—One of two hydroplanes maneuvering six miles at sea today caught fire and plunged into the water with Ensign de Bishop and Quartermaster Landon. The second hydroplane flew to the rescue. From this machine, Seaman Torrance dove and the hydroplane swept by, sixty feet above the wreck at a speed of practically a mile a minute and rescued the ensign, one of whose legs was broken. The quartermaster was lost.

ASKS TO ISSUE STOCK  
Springfield, Ill., June 5.—A petition filed today with the state public utilities commission by the Chicago, Rock Island and Pacific railway company asks authority to issue \$65,000,000 of preferred stock pursuant to re-organization of the road which is now in the hands of a receiver.

THREE HUNDRED RUSSIANS  
DECLINE TO REGISTER  
Phoenix, Ariz., June 5.—Three hundred Russian colonists settled near Glendale nine miles west of Phoenix declined to register today. They are members of a religious order, the Molokans, and had taken a vow against warfare.

PLAN TO COMPLETE  
WAR TAX BILL FRIDAY  
Work Goes Forward White  
Both Houses are in Recess

Demands From Business Interests  
For Eleventh Hour Changes  
Make Task of Re-drafting War  
Tax Increasingly Difficult.

Washington, June 5.—Demands from business interests for eleventh hour changes are making the senate finance committee's task of re-drafting the house war tax bill increasingly difficult, as the work nears a close.

Disposal of Liquor Taxes.  
The committee plans to complete the bill by Friday. Work went forward today while both houses of congress were in recess, observing registration day and liquor and tobacco taxes finally were disposed of. Revenues of \$151,000,000 from liquors, including beer, and about \$68,000,000 from tobacco products, estimated from the house rates, are expected to show slight reduction by the committee's revision despite its decision to place prohibitive taxes upon grain used in distilling whisky and other spirits. Doubled taxes on beer were charged.

A new federal license tax upon automobiles, of one per cent of their original selling price to be paid by owners, is being considered by the committee altho it virtually decided several days ago to establish taxes ranging from \$7.50 to \$25 per car. Senator LaFollette proposed the substitute tax which would greatly decrease revenues estimated from motor cars. It was discussed at some length today without a decision. Taxation of newspapers, magazines and other publications also was re-opened today when members of the committee informally received a delegation of Pittsburgh newspaper publishers who urged adoption of the house zone plan, providing for increase of second class postage rates. The committee took under advisement the arguments made by the Pittsburgh publishers against the proposed substitute tax of two per cent upon publishers' advertising receipts. The Pittsburgh representatives preferred the zone system postage increase condemned at previous hearings by representatives of the American Newspaper Publishers association. In concluding work upon the tobacco schedule, the committee today decided that the increased taxes previously announced upon cigars and cigarettes should become effective within ten days after passage of the bill instead of after thirty days as proposed in the house measure.

Exempt Amusements.  
It also was decided to exempt from taxes on cigarette papers all packages of less than 25 sheets, the size of free packages generally distributed by tobacco. It was also agreed to exempt the railroad or water transportation tax on circus, carnival and other amusement companies which operate their own rolling stock. This exemption was in response to representations that such amusement concerns reached by the amusement tax would be put out of business by the general transportation tax.

Miscellaneous taxation details, decided tentatively or not yet considered will be taken up by the committee tomorrow including documentary and other stamp taxes as well as the rate proposed for the new confectionary taxes.

AMERICAN INSTITUTE  
OF ACTUARIES MEETS  
CHICAGO, June 5.—Pension systems for public employees and non-contributory pensions for employees were subjects discussed at the ninth annual meeting of the American institute of actuaries which began here today. Twenty-five states are represented. A. G. Fortescue of Springfield, Ill., was elected president.

Resolutions were adopted pledging support of president Wilson's war policies and offering the services of members of the organization for any purpose.

BASEMENTS IN PANAMA FLOODED  
Panama, Ill., June 5.—Basements of stores and residences were flooded by a rainstorm here tonight which caused large damage. Water from six inches to two feet deep was left standing in yards throughout the city. Residents in the Okaw river bottoms were compelled to flee to the hills. Reports from farming districts indicated considerable losses.

WEATHER INDICATIONS  
AND TEMPERATURES.  
Illinois.—Showers and thunderstorms Wednesday, with strong shifting winds and squalls; Thursday generally fair, cooler in south portion.

Temperatures.  
The current, maximum and minimum temperatures as recorded Tuesday were:

Jacksonville, Ill., 74 82 60  
Boston, 68 89 56  
Buffalo, 69 64 60  
New York, 64 74 54  
New Orleans, 82 88 72  
Chicago, 52 60 60  
Detroit, 60 70 60  
Columbia, 64 68 60  
St. Paul, 60 69 52  
Helena, 58 66 36  
San Francisco, 54 64 48  
Winnipeg, 64 72 34  
Rainfall—2.25 inches.

WILSON WELCOMES  
SOLDIERS OF DIXIE  
Confederate Veterans Give  
President Wilson a  
Great Ovation  
THOUSANDS FILL HALL  
Patriotism Keynote of Opening  
Session Held for the First  
Time in the North  
TO HOLD MEMORIAL  
WASHINGTON, June 5.—Veterans and visitors in Washington for the 27th annual reunion of the United Confederate Veterans joined today in giving President Wilson a great ovation when he welcomed the soldiers of Dixie to the capital and told them the country was beginning to understand that one of the purposes of providence in keeping the nation united was to meet the opportunity now before America to fight for liberty and mankind. The president's declaration that the day was one of gladness because of the sacred memories and of a re-dedication of a united country to those principles that have made America great among the nations of the earth was greeted by the veterans with a rousing cheer.

Cheer Confederate Leaders  
The hall was filled with thousands and twice as many more had to be turned away. While waiting for the president the crowd cheered confederate leaders and noisily expressed its appreciation of old allies of the south played by the marine band and sung by groups of gray-jacketed young women from Portsmouth, Va. Patriotism was the keynote of the opening session of the reunion held for the first time north of Mason and Dixon's line. The presentation of a United States flag to general George P. Harrison, commander in chief of the confederates, by Col. Andrew Cowan, of the Grand Army of the Republic, was the signal for a demonstration. The stars and stripes were hung side by side with the stars and bars behind the presiding officer and will remain there thru the reunion.

"For four years," said General Harrison, "I learned to love another flag, the stars and bars, which you have truly said washone with honor thru the war and furlled with honor at the end. And so long as red blood flows in our veins, we will cherish it and tender memories. That you should honor us for that proves that you too, have a soldier's heart. Now that the war of sections has ended and our country again is united my love for Old Glory has returned and we who wore the gray now stand side by side with you who wore the blue in fighting for liberty and human rights whenever it is wherever our country calls."

Tanner Welcomes Confederates  
James Tanner, who served as a member of a New York regiment and was wounded at the battle of second Manassas, welcomed the Confederates in the name of the Grand Army of the Republic of which he is a former commander. The veterans gave three cheers. Colonel Robert E. Lee, grandson of the south's war leader, declared in his address that the sons of the men of the north and south would emulate the example of their fathers and serve their country in any capacity in which they were called.

The introduction of Miss Louisiana Ransburg Briggs of Briggsdale, Ohio, to the convention as the veiled lady of Camp Chase by General Bennett H. Young, moved the veterans to lusty rebel yells in appreciation of the woman who for ten years heavily veiled, scattered flowers on the graves of southern soldiers who died in Camp Chase prison, near Columbus.

James B. McCreary, former senator and former governor of Kentucky, speaking at the afternoon session declared the memories of the confederacy would always be cherished but that "the wide world can now see that there is friendship and reconciliation between the men who wore the blue and the men who wore the gray."

The annual memorial exercises for the confederate dead will be held tomorrow in the confederate section of Arlington national cemetery.

The number of veterans was estimated at nearly 7,000. Tents provided for them on the Union Station plaza could not accommodate all of the late comers and homes had to be sought for them.

NAME CARTER CHIEF JUSTICE.  
Springfield, Ill., June 5.—Justice Orrin G. Carter, Chicago, was elected Chief Justice of the Supreme Court of Illinois for the ensuing year when the court met today for the June term.

### "BUSINESS IN UNUSUAL WAY"

In these days there is a great deal of free advice given by men in public life or prominent in business and much of it is of value. However, there is a lack of agreement among business leaders as to just what course should be followed in general business, which is a bit confusing to the average citizen. In this connection we quote below a statement made by Dr. Welch, a millionaire business man living in Westfield, N. Y. This statement was not intended for publication but came in a telegram expressing his regret because he was unable to attend the meeting of the board of trustees of Illinois Woman's College.

He said: "I would enjoy your fellowship and gladly share the problems of Illinois Woman's college at this annual meeting. I do not believe in the phrase 'business as usual,' but see that conditions demand that we do business in an unusual way. Economy and retrenchment are not synonymous. Let us consider every vitally good thing as necessary, then tackle our job and say it must be done war or no war."

There is a lot of good, hard, common sense in this statement.

### THE RUSSIAN COMMISSION.

Before many of us knew that the American commission to Russia had started on its journey came announcement of the safe arrival there of members of the commission. As a matter of protection it is necessary to keep the movement of the commission as much in the dark as possible. Much is hoped from this commission headed by Elihu Root, who is acknowledged one of the greatest statesmen that this country has ever produced. With him on the commission are other great and brainy men and there are reasons for the expectation that the work of this commission in putting an end to the "separate peace" possibilities which have been such a source of worry to the allies. Undoubtedly Germany has been making strenuous efforts to win Russia, thus weakening the allies and insuring to Germany vast food supplies.

Recent stories from Germany have

included the cheering statement that the United States was too late in its preparations and that Germany would finish the war with victory before this country managed to take any active part in the conflict.

The sending of this commission to Russia will not only aid in keeping affairs there level, but will certainly impress Germany with the earnestness and seriousness with which the United States has entered the war.

### MORGAN COUNTY YOUNG MEN ANSWER THE CALL

The army registration returns from Morgan county Tuesday show approximately 2,300 names. These figures indicate that young men constituting about twenty-five per cent of the male voting population of Morgan county are eligible for service. This total, of course, includes a very large number of men who are exempt from service. The conscription law is such that only those in the army service or already enlisted were relieved from the duty of registration.

The figures show quite conclusively that the slackers in Morgan county are few, for the percentage of male residents of the county who registered was greater than anticipated. Several Jacksonville precincts made remarkable showings when the registration figures are compared with the total voting strength. There are several precincts, conspicuous among them being No. 8, where the total fell considerably below expectations. If the days really in Morgan county is indicative of a nation wide spirit, certainly the young men of the country have shown to the world their desire to comply with the terms of the law.

### CARING FOR DEPENDENTS.

The special committee of the Chamber of Commerce of the United States that has been working on feasible plans for separation allowances for dependents of the enlisted personnel of the army and navy has arrived at the conclusion that federal assistance is necessary. Commenting on this fact the Globe Democrat says: "The committee, however, recommends that employers make temporary commitments to dependents of their employees until Congress can act, and it favors the official designation of a national organization to receive and distribute voluntary contributions from citizens, which shall be in addition to federal aid."

"Some temporary plan must be found for taking care of dependents until Congress can act, but, as we contended at the time the national guard was sent to the Mexican border, the government and the government alone should assume the permanent responsibility. That distributes the burden instead of leaving it to be borne by individuals who are contributing their share of taxes. It will also insure uniformity. It is wrong to ask employers to do this national task. They pay taxes, and Congress is devising new taxation they will have to bear. Furthermore, some employers could not afford to pay anything for relief. It would be manifestly unfair to make a soldier's dependents suffer merely because he has been employed by a concern whose treasury could not stand expenditures for their maintenance. In case of corporations, a single stockholder could prevent such payments, on the ground that they are not legitimate expenditures. "Philanthropic individuals will find unusual demands made upon them as a result of the war. The American Red Cross is sadly in need of funds. Charitable organizations throughout the country find themselves unable to extend relief urgently needed. The high cost of living and the displacement of labor arising from readjustments to war conditions will increase demands. Caring for dependents of soldiers and sailors is a problem for the government itself."

### Rippling Rhymes By WALT MASON

#### Grim Visaged War

War is indeed a frightful thing, and any decent, thoughtful chap, would gladly help to lynch the king who is the first to start a scrap. I hope this war may be the last that ever this old world shall know, that armies never more will blast the sacred stuff from the foe. And yet I'm glad I've lived to see the captain and his pawing nag, to see our people proud and free, once more uphold the starry flag. For in our days of peace and ease, they told me loyalty had died, that nothing but a stack of V's would serve to stir the nation's pride. All o'er the world the story went, that coin's become our only god, our dreams are all of ten per cent, and nothing matters but a wad. So often have I heard this tale, that I began to think it so, and said, "The land that worships kale must sound the lower depths of woe." I saw it headed for the dump, its institutions all deranged, and then the captain blew his trumpet, and everything around was changed. Still lives the spirit of our sires, they lie who say our hearts are ice; still for our altars and our fires we'll make the last sad sacrifice.

### THIS DATE IN HISTORY

June 6, 1849—Illinois and Michigan Canal. The toll received at Chicago, on this canal, from the opening of navigation to the 6th ultimo, was \$6,609.51.

Special: A good drinking Coffee at 20c lb. Schrag-Cully Co.

#### FRANKLIN REGISTRATION

In Franklin district No. 1, the chief registrar was Fred Burch and those assisting were Mrs. Fred Burch, Miss Mary Wright and W. C. Hart. The polling place was Olinger's hall and the services of all registrars and the use of the building were given free.

### 174 WINCHESTER MEN ON REGISTRY LIST

Reports from Scott County Will Be Available Today. According to Sheriff's Announcement—Other News.

Winchester, Ill., June 5.—Registration day was observed here without noteworthy incident. 174 Winchester No. 1, the registration was 93 and in the second precinct 81, making a total of 174. But a few of the remaining Scott county precincts were reported tonight and Sheriff Coultas stated that the totals could not be computed until some time Wednesday.

#### Engagement Announced.

Miss Catherine Lyon entertained the members of the Young Ladies' Sodality Tuesday afternoon in a miscellaneous rush for Miss Sophie Brown, who is soon to wed James McCabe of Murayville. The afternoon hours were very pleasantly spent and before the time came for departure, delicious refreshments were served by the hostess.

Miss Margaret Watt has returned from Chicago.

Mr. and Mrs. Thomas Callens and little son have returned to Chicago after a visit with the parents of Mr. Callens.

Miss Orinne Hughes has completed a visit with Mr. and Mrs. Irvin Coultas and gone to her home in Waverly.

Much sorrow was occasioned here by announcement of the passing of J. V. Richardson, who died at his home west of Jacksonville, Mrs. W. E. Coultas, his daughter was at the bedside when death came.

Mrs. Bell Dunham of Denver, Colo., is here for a visit with her parents, Mr. and Mrs. Peter Obermeyer.

Miss Madeline Hainsfurther returned Tuesday from Nashville, Tenn., where she has been attending Wad Belmont college.

Mrs. Samuel Boston and Miss Ethel Boston were Monday visitors here from Chapin.

Mrs. Elmer Clark, Mrs. Frank Hoskins, George Hooper, Mr. and Mrs. George Hooper, Jr., have returned to Canton after a stay of several days. They were called to Winchester by the illness and death of Mrs. Robert Woodall.

#### Storm Damage Reported.

The storm which struck Scott county Monday afternoon and evening was especially severe in the neighborhood four and one half miles northwest of Winchester. Barns were damaged and corn cribs were blown down. On the farm of Charles Hardy a garage was taken from its foundation and the automobile left intact. On the Claude Thomas farm corn cribs were blown over and shingles were torn from the barn. Damage of the same nature was reported from the farms of Fred Bean, W. J. Moore and Richard Middendorf.

Good: Try Schrag - Cully's Peaberry Coffee at 25c lb.

### SOCIAL EVENTS

Mr. and Mrs. Blimling Entertain for Daughter.

Mr. and Mrs. J. F. Blimling entertained a company of young people at their home in honor of their daughter, Miss Vera Bird Blimling. The house was tastefully decorated for the occasion, spring flowers being used with good effect. At 12:30 o'clock an elegant five course luncheon was served. The table was handsomely decorated with flags and red, white and blue ribbons extending from a large cake in the center of the table to the place cards. During the afternoon a musical program was carried out, numbers being given by Misses Stella and Mabel McCurley and Cecile Cunningham.

Those present were Misses Minnie Clayton, Stella McCurley, Mabel McCurley, Cecile Cunningham and Bird Blimling. Messrs. Edward Wild, Samuel Dean, Vetreus Blimling, Dale Blimling, Mr. and Mrs. Oliver Zahn and daughter Velma, Mr. and Mrs. J. F. Blimling.

#### Loyal Women Have Interesting Meeting.

The Loyal Woman's class of Central Christian church held the June meeting Monday evening at the Old Peoples' Home. There was a musical program of especial merit and a clever play was staged with the following cast:

Miss Barbara—Mrs. W. G. Hellenthal.

Priscilla—Miss Mabel Dunavan.

Betty—Miss Dorothy Dunavan.

Neighborhood friends—Mrs. Lloyd Hamilton, Mrs. B. C. Lair, Mrs. Glen Large and Miss Eleanor Thompson. Jay Hamilton took the part of the young son of the household. Excellent refreshments were served. The comedy was well received and the residents of the home were highly pleased with the program.

#### Trinity Guild In the Closing Meeting.

Trinity Guild held the closing meeting of the year Tuesday afternoon in the parish hall. Mrs. J. Parker Doan made an interesting talk on the canning of vegetables and fruit, demonstrating the canning of asparagus, spinach, tomatoes and peppers. Several guest were present, in addition to the members of the guild. Mrs. Andrew Russell served the luncheon. Altho this was the last regular meeting, there will be gatherings from time to time in connection with the Red Cross work.

#### GOOD PRICE FOR HOG

A hog was sold Tuesday at the Mayfield farm west of Jacksonville for \$39.75. The animal weighed 600 pounds. Walter Fearneyhough of Llanville was the purchaser.

Miss Della Thomas of South Main street, is making a visit with friends in Moline.

### FUNERALS

#### Pierson

Funeral services for Gladys Mardell Pierson were held from the residence Tuesday afternoon in charge of the Rev. Myron L. Pontus. Music was furnished by Miss Cora Graham and T. H. Rapp. The flowers were cared for by Mrs. A. King assisted by Evelyn Schumaker and Frances Boston. Burial was in Jacksonville Cemetery.

#### ALEXANDER

Miss Anna Snyder of Jacksonville is spending her vacation at the home of Mr. and Mrs. George Snyder, Sr. J. M. Thompson and Milton Ruble were visitors yesterday in Springfield.

John Colwell was attending to business Tuesday in Jacksonville. Mrs. C. L. Dorsey and children have completed a visit of two weeks here and returned to their home in Mt. Sterling.

#### CAIN FAMILY READY TO SERVE U. S.

Here is a family registration record which is worthy of note. Five sons of Mr. and Mrs. John H. Cain are between the ages of twenty one and thirty one and duly enrolled their names Tuesday. They are very few families in the United States that can equal this good record, and as one of the sons in this loyal family said yesterday, "We are all ready to go if the country needs us, and are not seeking to escape service thru any plea for exemptions."

Mrs. Lucy D. Kolp and Miss Della Dimmitt have gone to Des Moines, Io., to attend the graduation exercises of Morningside college. James Kolp is a member of the graduating class.

#### L. O. O. F. SERVICES.

At the Odd Fellows memorial service held at Centenary church the program as previously outlined was carried out. Chas. S. Black presided and the sermon was by Rev. E. L. Fletcher. His text was from Genesis 26:18, and the large audience heard the speaker throat with earnest attention. A collection was taken for storm sufferers at Mattoon amounting to \$39.10. The memorial service was one of the most interesting the L. O. O. F. lodges have held in recent years.

Miss Ida V. Kinison, of the suit and cloak department at the C. C. Phelps Dry Goods Co., is enjoying her vacation.

## YEAR HAS CLOSED FOR ILLINOIS WOMAN'S COLLEGE

SEVENTH FIRST ANNUAL COMMENCEMENT EXERCISES WERE HELD TUESDAY.

Diplomas Awarded to Large Class—Dr. Hall of Garrett Institute Made Address Discussing Some National Affairs in Their World Relations—President Harker's Annual Statement Indicated Satisfactory Year and Prosperous Outlook.

The 71st annual commencement exercises of the Woman's College took place in the music hall Tuesday morning in the presence of a deeply interested audience. The stage was decorated while Old Glory and the Illinois centennial flag were conspicuous. Music, the commencement address of Dr. F. H. Hall, professor in Garrett Biblical Institute, Evanston, the president's statement by Dr. Harker, the conferring of degrees, certificates and diplomas and the recessional to the reception hall for a social time completed the program.

To the tones of the prelude, Andante in D, Hollins, rendered by Mr. Stearns on the organ, the Academic procession entered the hall and Dr. Harker called on Rev. David F. Wilson, conference visitor, to offer prayer. Dr. Harker and the audience repeated suitable passages of scripture, and hymn was sung and then owing to the fact that Dr. Hall had been detained Dr. Harker read his statement first. In the main it appears elsewhere in this paper. Miss Lazelle then sang beautifully, "My Redeemer and My God." "Dudley Buck and then Dr. Hall was introduced.

He delivered an excellent address of which a very few thoughts are offered. The gentleman spoke in a felicitous manner of a letter he had received from Mrs. Harker of the class of '55. The lady said she had at a long ago commencement entertained Peter Cartwright and were she living in Jacksonville she would certainly want Dr. Hall to be her guest.

"It is hard now to realize that the ocean is no longer a barrier between us and Europe but rather a highway on which we may pass from one land to another. Gone is the day when a nation may live to itself. There was a time when education acted as a separating cause between those who had enjoyed it and those who had not but now all is changed and it brings us nearer together and prepares us for service. The time was when woman was secluded, sheltered, shielded, protected but now that is changed. I have been in seven states in which I could address both men and women as citizens with all the rights and also the responsibilities of citizenship.

"This is a day that demands great devotion. The country needs means but it needs more. It needs soldiers, statesmen and above all a people with a vision. Today more than ever the land needs people of Christian college training. Men are losing sight of the vision of faith. Old time ideas will not do today and the question arises, what is the greatest need of the hour in this most important time of our nation's history? We need a larger and clearer vision of the world in which we live; other conceptions we have outgrown.

"Some will placidly say the world is getting better and doesn't need their help. Others will say it is getting worse and there is no use trying to make it better. Choose the golden means and do your part valiantly. A man may have a fine house furnished with all that money can procure but it will not be a home for all that. We cannot jam boys and girls into a mold and compel them to fit as we wish. Education is a partnership in which all must have a share. Teachers and pupils both must learn. We must learn by bitter experience our place and duty in life.

"There can be no permanent peace in anything but a democracy. It will come with toil, sacrifice, selfishness. This day offers the grandest opportunity for service. You have had the advantages gained for you by devotion, toil, great efforts, untold hardships and sacrifices on the part of those who labored to found this college and I bid you go forth and worthily bear the honors conferred upon you and faithfully do your part in life. I do not know why this war is permitted; so long; so costly in blood and suffering; so fiendish on the part of a great nation; but I do know that God is yet in the world and will bring things out right at last. There is a great call for leadership and a loud demand for a greater vision."

The beautiful loving cup due the class best represented was this year awarded the class of 1916 with eleven members present and was received by Miss Helen McGhee.

Dr. Harker thanked all friends for the kindness shown the college and especially the people of Jacksonville for loyal support.

The presentation of certificates and degrees followed, the college song and the benediction by Rev. Mr. Houck ended the exercises. To the notes of the recessional, "Tocatta," Dubois, rendered by Mr. Stearns on the organ, the trustees, faculty, students and friends adjourned to the parlors for a social time.

The following certificates and degrees were conferred.

Certificate in Public School Music—Veronica Davis, New Holland.

Helen Louise Horner, Kewanee.

Kathlyn M. Falkenstein, Astoria.

Teacher's Certificate in Pipe Organ—Winifred Sale, Watseka.

Certificate in Home Economics—Florence Jane McCloud, Williamsport, Ind.

Lettie Mae Clarke, Rensselaer, Ind.

## NO UNTOWARD EVENT MARS REGISTRATION

(Continued from Page 1.)

a single complaint of trouble in the state of Wisconsin.

There was some delay in Gary, Ind., and in some Chicago districts because the registration had to be stopped to permit the printing of more cards.

Cleveland and Detroit report that registration was not completed at 9 o'clock and the governors of Ohio and Michigan were authorized to allow the polls to remain open until all were registered.

**Illinois Reports Fragmentary**  
Springfield, Ill., June 5.—At midnight Adjutant General Dickson had received only the most fragmentary reports from counties and expressed the belief that few figures would be available at the central office here before tomorrow.

He said practically all sheriffs had notified him that the registration had been carried on without disturbances of any sort.

General Dickson said state registration reports must be forwarded to Washington within two days after registration day.

Unofficial figures on the registration in Springfield placed the number at 4,987.

**Comes Up to Expectations**

Chicago, June 5.—The city of Chicago today sent to the army registration polls almost exactly the number of young men estimated by the provost marshal general as liable to service under the selective draft law. Of 23 precincts missing the registration had reached a total of 298,959 and it was estimated that 1,100 more names would be added making a total of 300,059. The federal estimate of men here liable for registration was 300,840.

In some precincts the polls still were open at midnight.

Preparations to round up the very small minority of men who failed to present themselves for registration began immediately the polls closed. The list of men registered will be compared with election lists and census records.

**Mason County Totals 5,025**

Decatur, Ill., June 5.—Macon county's registration today totalled 5,025 with exemptions claimed reaching 2,355. There was no opposition or disorder, and in a campaign for subscriptions for liberty bonds from small investors more than \$250,000 worth were disposed of.

**Des Moines County Has 3,040**

Burlington, Ia., June 5.—The total registration under the conscription act in Des Moines county, Iowa, was 3,040. In the city of Burlington the total amounted to 2,677. There were no disorders of any kind.

**GAVE MUSICAL NUMBERS.**

Several musical numbers were given at the County Institute Meeting which is being held at the high school, yesterday. Miss Ruth Duncan gave a piano solo and Miss Marguerite Butler a vocal solo. Tuesday afternoon Isabelle Long sang three songs accompanied by Miss Edna Wardhaugh. Miss Horner, a graduate in voice at the Illinois Woman's College this year also sang a group of songs accompanied by Prof. Stearns.

## REPORT SINKING OF NORWEGIAN STEAMER

GALVESTON, Texas, June 5.—Captain Haugland and his crew of twenty men of the Norwegian Steamship Grosholm have arrived here and report the sinking of their ship on May 15, by a German submarine.

On the day she was sunk, the Grosholm was 200 miles west of the Irish coast bound for an American port in ballast. The attacking submarine opened fire without warning, Captain Haugland said. He hoisted his signals, including the Norwegian flag and the firing continued.

The Grosholm finally was torpedoed the crew was picked up May 17th.

## KNIGHTS OF PYTHIAS HOLD ELECTION

At the regular meeting of Jacksonville Lodge No. 152, Knights of Pythias Tuesday night, the rank of Esquire was conferred upon Harold L. Gillham, Dudley C. Hitt and Francis D. Phillips were given the rank of Knight. Officers for the ensuing six months were selected as follows:

Chancellor Commander—Roland L. Stice.

Vice chancellor—LeRoy T. Potter.

Prelate—Charles J. Buhner.

Master of Work—Charles A. Howard.

Keeper of Records and Seal—Herbert J. Capps.

Master of Finance—Herbert C. White.

Master of Exchequer—Ralph I. Dunlap.

Master at Arms—Bascom A. Lair.

Inner Guard—Charles McCullough.

Outer Guard—James L. Graham.

## GARAGE COMPLETED

Charles Seymour has finished building an up-to-date garage for the accommodation of four cars at the rear of the W. L. Alexander property on West State street. It will rank as one of the finest private garages in this part of the state.

## A MYSTERIOUS VISITOR.

J. B. White, night watchman at I. S. D., and Everett Kimball, fireman at the school, saw a balloon pass northward over the school for the first time about 1 o'clock Monday morning. The following dispatch from Davenport, Ia., adds interest to the event:

A balloon, containing two men in its basket, passed over Pleasant Valley, eight miles northeast of here at 5:20 o'clock this morning. It was about half a mile high and was travelling rapidly northeastward. About 500 yards of rope was dangling from the basket.

Rev. P. R. Clotfely, conference visitor from southern Illinois conference to the Womans college, returned yesterday to his home at Salem.

## LIEUT. NIXON IN WAR ZONE

Mrs. E. A. Nixon of St. Louis is here to attend the Osborne-Brown wedding and is the guest of relatives. Mrs. Nixon, who is second in command on the U. S. destroyer "Wainwright" in the war zone. These cablegrams are censored and do not give the exact location of the ship, but indicate that the lieutenant and his associates in active service are safe and well.

## GUARDSMEN QUELL OUTBREAK AT JOLIET

OUTBREAK AT JOLIET 6 16

(Continued from Page 1)

gave up and walked forward to be taken to their cells. In the course of a few hours all but about 200 of the convicts were thus placed under lock and key.

The remainder, sullen, stood their ground and the officers decided not to fire except as a last resort. Rain finally began to fall in torrents on the prisoners and they surrendered to gain shelter. All were quickly placed in the steel barred cells and the riot was over.

In the meantime Major J. V. Clinnon arrived with a second detachment of troops and guards were thrown around every part of the penitentiary. Captain Ridgway was detailed to stay on duty at the prison until all danger should be past.

While the tightening of prison rules was said to be the sole cause of the disorder, Hinton C. Chabough of the federal bureau of investigation at Chicago, sent eight men to determine what part if any, objection to conscription registration played.

## To Enforce Old Lockstep

In all 1600 convicts are locked up tonight as participants in the riots. These men will be kept closely confined for some time as there is no place for them to work at present owing to the destruction or damage to buildings by fire. Warden Bowen said the old lockstep discipline would be enforced for several days. Dr. George A. Zeller, head of the prison board of administration, is here to aid in settling affairs and Adjutant General Dickson and Charles Thorne, head of the department of public welfare, will come to aid in mapping out a plan to prevent further outbreaks.

## Gives Cause of Trouble

The causes of the outbreak, according to a statement by Acting Warden Bowen go back over a period of more than two years.

"Two years ago a league interested in welfare work was given permission to work in the penitentiary," he said. "The chief purpose of the organization was to supply women correspondents for the prisoners, meritorious in theory but of doubtful value in practice. The unpleasant truth of the matter is that the Joliet penitentiary has been overrun with women."

It goes without saying that the original intent of the league was that the men should correspond with good women, but either through neglect or because the league was powerless to control their work, the other kind of women soon took advantage of the opportunity afforded them.

"The mails became loaded down with letters from women in every part of the United States, some of them more than 70 years old, others mere school girls of 14 and 15. Their letters for the most part were of the most suggestive character and a favorite pastime of the men was to gather during the recreation hours and read their letters to each other and speculate on the character and appearance of the writers. Of course such a state of affairs could not be allowed to continue. Today's rebellion had its inception in my order that the letters and personal visits of women should cease."

**Governor Receives Report**  
Springfield, Ill., June 5.—Governor Lowden late today received word from Warden A. L. Bowen of Joliet penitentiary that the situation there was under control, that fires started by prisoners have been extinguished and that it was believed no convicts had escaped.

"Mr. Bowen declared that the property loss would not exceed \$20,000," the governor said, and he reported there had only been one fatality resulting from the outbreak. One man was so badly injured when jumping from a second story window that he died.

"Not a shot was fired and the outbreak was quelled with a minimum of casualties. I want to say that I heartily approve of the disciplinary measures which Mr. Bowen had instituted at the prison and which are reported to have prompted the outbreak. Reforms were needed there."

Federalized national guard troops who were stationed at Joliet gave great assistance in the stopping the riot. Mr. Bowen reported to the governor.

## PICTURE CENSORSHIP BILL FAILS OF PASSAGE

Springfield, Ill., June 5.—Representative Guy Guernsey bill proposing creation of a state board of motion picture censors failed of passage in the house today receiving only 65 affirmative votes, twelve less than a constitutional majority to 27 cast against it.

## SINK AUSTRIAN WARSHIP.

Vienna, June 5.—Via London.—An Austrian torpedo boat was torpedoed and sunk by a hostile submarine on Sunday night in the northern Adriatic It was announced today.

## LARGEST CLASS AT OHIO STATE

Columbus, O., June 5.—At today's commencement at Ohio State University nearly one thousand graduates received diplomas, the largest number in the history of the institution. The College of Agriculture ranked highest with 220 men and 69 women graduates.

## WEDS NAVY LIEUTENANT

New York, June 5.—Among the early June weddings in the metropolis today was that of Miss Constance Fairchild, daughter of Mr. and Mrs. Samuel W. Fairchild of this city, and Lieutenant Byron A. Long, U. S. N., commander of the United States destroyer Nicholson. The ceremony took place at St. Thomas's Church.

## The Ayers National Bank

### MONUMENT ASSOCIATION HELD MEETING.

Time for Receiving Plans and Models  
Extended to August 9th

A meeting of the Morgan county Soldiers' monument association was held at the court house yesterday morning with a good attendance.

Chairman McDougall stated that he had received a number of letters from persons and firms desiring to submit plans and models for the proposed monument now that the location has been definitely settled. Some would be able possibly to be ready by June 28th but several insisted that the time was too short to enable them to prepare suitable models and drawings and they earnestly desired more time.

There was a strong desire on the part of the association to hasten the matter as fast as would be consistent with a satisfactory structure but more than would not be wise and as the monument would be in a very conspicuous place the association

didn't want to take any risk of an unsatisfactory monument.

After considerable discussion it was decided to extend the time when bids will be received and August 9th was settled on as the best the association felt itself able to do.

### ADMINISTRATOR'S NOTICE

Estate of William R. Moody, deceased.

The undersigned, having been appointed Administratrix of the estate of William R. Moody late of the County of Morgan and State of Illinois, hereby gives notice that she will appear before the County Court of Morgan County, at the Court House in Jacksonville, at the August term, on the first Monday in August next, at which time all persons having claims against said estate are notified and requested to attend for the purpose of having the same adjusted.

All persons indebted to said estate are requested to make immediate payment to the undersigned.

Dated this first day of June A. D. 1917.

LILLIAN B. MOODY,  
Administratrix.

### ANOTHER MAN READY TO VOLUNTEER.

A few days ago the Journal printed an item from W. Boeking, who stated that he was a native of England, was 57 years old but ready to do service for his native and adopted country in their peril whenever the government saw fit to call on him.

F. C. Galley of this city saw the item and told the Journal that he came over from England on the steamship "Urania" with Mr. Boeking. He is now sixty years old but just as ready to do service for the two countries as Mr. Boeking. He says also that he has an additional advantage over Mr. Boeking. He served twenty years in the English army before coming to America and took a full course in the St. John's ambulance corps and has a medal for each. He served ten years in the national guards in this country and has a sharpshooter's medal for expertness with the gun.

Mr. Galley thinks on the whole he has some advantages over his countryman and is ready to be used if needed.

### SPECIAL FOR CORSET WEEK.

New model Empire Corsets,  
a rare bargain at 65c.  
HARMON'S Dry Goods Store.

### COMMENCEMENT EXERCISES.

Miss Emma Reynolds has "ne to Columbia, Mo., to be present at the commencement exercises of the state university of that place. Her niece, Miss Eloise Stevenson, is one of the graduates. The university has furnished several hundred young men for the army and the athletic and dramatic events had to be given up on account of it. The list of graduates is very large comprising a number of pages.

### CHARGED WITH LARCENY

Lucille Kaufman was arrested by Deputy Sheriff Stice yesterday on the charge of larceny. The complaint was made by Dr. E. L. Hill of Jacksonville State Hospital. The Kaufman woman who has been employed there is charged with taking a number of towels and a bed spread.

She was taken before Justice Dyer and gave bond in the sum of \$50 with J. E. Allen as surety. Some towels belonging to the hospital were found in the woman's grip and she claims she took them by mistake.

### CORRECTION.

In the list of custodians in the report of the board of education the first name should have been W. J. Wood, Mr. Fernandes' initials are D. G.

### A TEXAS WONDER

The Texas Wonder cures kidney and bladder troubles, dissolves gravel, cures diabetes, weak and lame back, rheumatism and irregularities of the kidneys and bladder in both men and women. Regularizes bladder trouble in children. If not sold by your druggist, will be sent by mail on receipt of \$1.00. One small bottle in two months' treatment and seldom fails to perfect a cure. Send for sworn testimonials. Dr. N. W. Hall, 2926 Olive St., St. Louis, Mo. Sold by

## PARK BOARD HELD WEEKLY SESSION

Statement Made With Reference to  
Central Park Walks—Contract for  
Wiring Let

The park board met last evening in regular session with all members present. All approved bill were ordered paid.

It was announced that Supt. Gray of the Jacksonville Railway & Light company had agreed to make a concrete enlargement of the walk at the south side center of the park affording a kind of landing or place where persons waiting for street cars would have more convenient and desirable standing room than heretofore.

The committee on new monkey house could only report progress as the architect had been so busy he had been unable to prepare plans and specifications for the structure but it was expected that he would do so in a short time.

Mr. Gomes reported the arrival of the missing material for the first ward playground apparatus and the early completion of the same.

### Contract for New Lights

A contract was closed with G. A. Sieber for the installation of steel cable for central park illumination for \$527.60. This does not include posts which will be an additional expense and it is not fully decided what kind they will be or of what material. Owing to the disturbed state of the market it was deemed wise to close the contract at the present time and have the work done in connection with the other improvements. There are to be sixteen lights and the locations are to be practically as follows. The new walks being laid are to be wide thru the center both ways; narrower cross, not following the lines covered by the present diagonal walks but going from the west entry to the south; from the south to the east; from the east to the north and from the north to the west.

At each of the four entries there are to be two lights, one on each of the four cross walks described above and about half way between the two entries; four about the soldiers' monument, one at each corner. One of these will be supplied with two globes, a white and a red. The lighting of the red will be regarded as a police call.

The secretary was instructed to notify the persons owning the boats on the lake in Nichols park and which were there last year for hire, to remove them within two days.

### Central Park Improvements

As there has been considerable criticism and complaint regarding the work being done on the walks in central park the board wishes to place itself properly before the public.

The matter was under advisement many weeks ago and it was then suggested that there might be a monument in the park but the city council had not yet given its consent or refusal. The board waited a time but still the council didn't act and it was not known that that body would act or if it did act that it would act favorably and after waiting a number of weeks and not knowing what was to be done the board saw fit to act as a favorable bid had been received and the walks in the central park needed attention as the main ones were in bad condition.

It was over the desire to treat the veterans all right and with due courtesy. It was not deemed wise to wait longer for the location of the monument was in so much doubt and it seemed unlikely that it would be located in the central park.

Finally when it was decided that it would be located there the board deemed it wise to make provisions that there not be any patchwork at all and accordingly the city engineers were requested to reserve in the center a circle of sixty feet diameter. In that circle there is to be a walk ten feet wide around the circumference inside leaving an open space of forty feet for the location of the monument. It is supposed that the monument will be ninety feet in diameter than forty feet and that there will be a ring of grass or flowers about the monument between it and the circular walk.

It will be practicable, the board thinks, to do the work without necessarily injuring the walks by laying down plank over which material may be hauled and if need be two blocks of the circular walk can be removed leaving plenty of room for hauling in of heavy loads.

It has not been the desire of the board to act in a stubborn manner and had the council acted when first called on by the monument association the board would have better known what to do but it did what seemed best.

### HOSPITALIER COMMANDERY

Hospitalier Commandery No. 31 Knights Templar held its regular election last evening with the following result:

Commander—P. C. Coover.

Generalissimo—Alexander Rabin.

Captain General—J. W. Boyd.

Senior Warden—W. L. Shibe.

Junior Warden—W. A. Fay.

Prelate—J. G. Strawn.

Treasurer—J. F. Ketter.

Recorder—J. R. Phillips.

Standard Bearer—Walter Rabin.

Sword Bearer—F. H. Muehlhausen.

Warden—H. T. Strawn.

Sentinel—Charles Cruse.

### CHICKENS FOUND UNDER

### COOP.

Monday morning J. A. Cogswell of 1040 South Clay avenue reported the theft of 140 baby chicks to the police. Tuesday the coop in which the chickens roosted was moved and all of the 140 chicks were found under the coop dead. It is probable that rats carried the chickens under the coop and killed them.

Miss Mamie Reidy of Chicago is visiting Miss Minnie Keating.

## LIBRARY CLOSES YEAR OF PROGRESSIVE WORK

Much Attention Given to Work of  
Extension—Two Branch Stations  
Opened During the Year—Changes  
in Staff During the Summer.

The Jacksonville public library has completed a year of progressive activity, according to the report presented by the librarian, Miss Lydia Margaret Barrette, at the annual business meeting of the board Tuesday afternoon.

"Extension work has been given as much attention as possible during the year," said the librarian in beginning. Statistics have been prepared which show the relation of occupation and library registration. With these facts as a basis branch library stations have been established and the usefulness of the library has been extended in other ways.

Announcement was made of the national library convention, to be held June 21-27 in Louisville, Ky., and the board decided to send a representative.

### Temporary Staff Changes

Miss Ruth Carlson has secured a leave of absence from her duties on the staff and will attend the University of Illinois summer school. Miss Corinne Carlson will be added to the staff during the summer. Miss Carlson, who will graduate this month from the University of Wisconsin library school, expects to take a position in Detroit, Mich., next fall.

The total circulation during the year was 63,661, as contrasted with a figure of 56,701 for the year 1915-16. The financial report showed total receipts to May 1 1917 as \$6,147.65. The balance on hand at the close of the year was \$35.24. The disbursements include \$875.57 for books and \$206.45 for periodicals. The item for salaries was \$2,704.91 and for repairs \$1,914.52.

The number of volumes now in the library at 21,404, a net gain during the year of 1,191. Much material not worth classifying has been kept in the clipping file.

New borrowers in the adult department were 659, a gain of 75 new cards over last year. The adult cards now in force number 4,073. There are 1,401 juvenile cards in force. In addition to the 5,474 regular cards there were 72 non residents who paid for cards during the year. This is an increase of 13 rural borrowers.

The year's adult registration by occupation:

	Men	Women	Total
Business	108	79	178
Domestic service	14	14	28
Factory	25	23	48
Farmer	10	10	20
Housekeeper	260	260	520
Leisure	18	81	99
Mechanic trades	32	32	64
Professional	48	112	160
Students	111	232	343
Unskilled labor	38	22	60

Totals.....399 814 1204

In this count registrations as well as new cards are considered, but the out of town borrowers have not been taken into account.

### Circulation figures

There has been a steady increase in circulation for several years. The total number of books loaned for home use this year was 63,661. Last year the circulation was 56,701, in 1915 it was 50,877 and in 1913 it was 42,273. The year's circulation shows a gain of 12 per cent over last year, a gain of 25 per cent over two years ago and a gain of 59 and a half per cent over 1913-14.

The most substantial gains have been made this year in science, useful arts and literature. Fewer books of travel have been read this year than last and fewer biographies. A thousand less volumes of rent fiction circulated than in 1915-16. Current magazines and current pamphlets have gone out more extensively than formerly, 4,747 this year as compared with 2,863 last year. The weeklies particularly have circulated more freely than heretofore.

The books circulated per capita of population are 4.1

### Reference Work

The amount of reference work is increasing. Some of the practical questions which have come to the desk during the year are "Flow of gas in pipes," "efficiency of refrigeration systems and tests of refrigeration machines," "books on incorporation and systems of corporation accounting," "amount of American capital invested in Mexico."

The questions from students include requests for the "charter of William and Mary college," "women in industrial pursuits in colonial days," and "the number of foreigners who fought in the Civil War." Every effort is made to have the students become intelligent library users, help being given them to find material themselves instead of merely handing out answers to questions. Whenever there is a special demand from a group of students for books, the time on these books is limited. They are often placed on a reserve shelf for convenience. In these ways the resources of the library are used to the best advantage.

Bibliographies were prepared for ten clubs.

Beginning in January the library was open for reading and study on Sunday afternoons. The average attendance was 16.

### The Children's room

The children's room is becoming too small for the numbers of children who use. A little over half of the entire gain in circulation was made in the children's room. On busy afternoons there are not chairs enough, nor are there picture books enough for all the children. In last year's report mention was made of this crowded condition and as soon as possible better arrangements should be made.

There were seventeen regular story hours with an average attendance of 45. At the request of Miss English, Miss Cox gave three Robin Hood story hours for the first year High School class.

Mrs. Charles Cole told the Christ-

mas stories beautifully. A small Christmas tree lighted at this time was appreciated by the children. Miss Janette Powell, Miss Lois Daniels and Miss Edith Epler each told to one group of children during the year.

### Story Telling Club

One of the most interesting special activities of the library during the year was the cooperation with a group of Illinois College girls in the formation of a story telling club, which met once a week at the library for fifteen meetings. Miss Cox planned the programs for the story hours and suggested sources. Two or three girls told stories each meeting. They seemed to feel that while they did not attain wonderful proficiency in the art of story telling, that because of their work in the club, they did have a much better idea of what constituted a good story than they had had. They got valuable hints about where to get their stories and about how to set about preparing a story to tell.

### The Branch Stations

On December 28 a fire at Henderson's Grocery store destroyed the group of Illinois College girls in the library station on Clay and Morton Ave. which had done such good work for over two years. As a new location was not readily found and, as with the extra work at the two other stations established during the

year, the problem of help was becoming rather pressing, it was decided to discontinue the station in that vicinity for a time.

The station at Passavant was opened in June 1916. While the circulation is not large, the station is taking the library to persons who have leisure, enforced leisure, and who are very grateful for books. Many of the patrons are from outside the city and do not have friends to carry books to them. The station is introducing the library to these persons, many of whom have never used it before.

In November a station was established at the Capps Mills. This is one of the most interesting phases of the year's work. Books of fiction and useful arts have been in the greatest demand.

### CYCLONE PREPAREDNESS.

Two dollars per thousand, if you phone today. Ill. 372. C. H. Ward, 501 Ayers Bank Building.

Richard Dye left Tuesday for Denver, Colo., on a business trip. Mr. Dye will look over that country for some time and also way to New Mexico to see his brother Samuel Dye. He expects to be in the west until fall.

ALL INDICTMENTS  
IN DAY CASE QUASHED

Case Will Go Over to the November Term—Arthur Morgan on Trial for Forgery

In the circuit court Tuesday morning Judge Jones heard some further argument with reference to the two remaining counts of the indictment against Dr. J. Ulysses Day. The court ruling was that these two counts are not properly drawn and that motion to quash them was therefore allowed.

At this hearing State's Attorney Robinson made no argument against the motion to quash and, in fact, stated to the court that in his opinion it would be better for the state to have the two additional counts quashed and begin the case anew. Attorneys for Dr. Day originally asked the court to quash all counts of the indictment but yesterday expressed willingness to proceed with the case on the two counts that had not previously been quashed by Judge Jones.

State's Attorney Robinson then asked the court to authorize a special grand jury to take up the case. Judge Jones said he could not see his way clear to take this action, but that he would not refuse to appoint a grand jury to take up the case. The indictment against Dr. Day was drawn before State's Attorney Robinson assumed office and it will now be his duty to prepare the counts of a new indictment if the grand jury at the coming term returns an indictment.

**Forgery Case**  
The trial of Arthur Morgan for forgery was begun in the circuit court with John M. Butler and William N. Hairgrove appearing on behalf of the defendant. Judge M. T. Layman is associated with State's Attorney Robinson in the prosecution of the case. Morgan is charged, raised a check given him by John Brainer from \$5 to \$500 in November, 1913. Shortly afterward he disappeared but when he returned a few months ago he was picked up by officers. Morgan, it is understood, declares that the check was drawn for \$500 when Brainer signed it and that he (Morgan) did not alter the check.

In securing a jury for the trial of this case it was necessary to summon a number of special veniremen. State's Attorney Robinson objected to Deputies Norris, Andrews or Wannamaker from the sheriff's office being sent out for jurors. He did not file such objection as to Sheriff Graff but as the sheriff was not in the court room Judge Jones appointed W. A. Masters, county treasurer, to serve as a special officer. He was instructed to secure ten veniremen and when he had taken this action his work was completed and he was discharged.

## STORM MADE TROUBLE FOR RAILROADS

The heavy rain Monday night interfered with railroad traffic considerably yesterday. The C. P. & St. L. had a number of washouts north of Virginia and the trains on this division did not attempt to go further than Virginia. The Arenzville bridge on the Burlington was washed out and trains on that route were detained by way of the B. & O. S. W. to Virginia and the C. P. & St. L. to this city.

The morning Burlington train from the south on this division went to Concord as usual and returned then waited here for the train on the main line. Connection is usually made at Concord but because of the washout referred to the main line train was sent from Beardstown to Virginia over the B. & O. S. W. and then to this city. Then this train was sent over the Burlington tracks to Concord and took the regular route into St. Louis.

**STORM DAMAGE NOTES**  
The rain and wind storm that visited the city Tuesday evening did considerable damage to trees and electric light and telephone wires. A large number of telephones were put out of commission.

A number of trees were badly damaged in South East street between College avenue and Morton avenue. At the Wabash passenger station an express wagon was overturned and trucks were blown about the platform. The 9:45 passenger was standing at the station when the storm was at its height and it seemed for a time that the wind would overturn the coaches.

On South Main street several wires were blown down. One live wire came in contact with a telephone pole and set fire to it. The matter was reported to the company and the damage remedied, the residents of that part of the city were without lights for a short time.

**Special: A good drinking Coffee at 20c lb. Schrag-Cully Co.**

**WILL HOLD ANNUAL PICNIC**  
The annual school and Sunday school picnic of Salem Lutheran church will be held at Maple Grove school grounds Thursday, June 7, weather permitting. A program of games, recitations, drills and songs will be carried out. A refreshment stand will be in charge of Luther Walther Circle of the church. The public is cordially invited to attend.

**GAMES IN TWILIGHT LEAGUE**  
The following games are scheduled in the Twilight League for this week, weather permitting:  
June 6.—Jacksonville Railway and Light vs Bankers.  
June 7.—Press Club vs Bankers.  
June 8.—North Side Merchants vs Post Office.

Charles Rabjohns is constructing a sleeping porch at his home on Westminster street. S. P. Carter has the contract.

<b>Total</b>	<b>2302</b>

Registration figures were secured Tuesday night from all of the thirty-one precincts in Morgan county except five. Using the normal vote in these five precincts as a basis for calculation, the total registration in the county was 2,302. The missing precincts are Jacksonville No. 1, Arcadia, Centerville, Lynnville and Sinclair. As the total male voting strength of the county is about 9,000 it will be seen that approximately twenty-five per cent of these male voters registered yesterday. The percentage is said to be above the government estimate and indicated a desire on the part of Morgan county residents to comply with the law. Returns from only four or five precincts were turned in to Sheriff Graff's office and the remainder are expected today.

**Registration Board To Meet.**  
It will now be the duty of the registration board, composed of Sheriff Graff, County Clerk Boruff and County Physician Weirich, to summarize the records and notify the state and national governments. The registration board in addition to making a summary of the men registered, must also make duplicate cards and these will be kept on record in this county. The question of exemptions will be taken up by the government later thru local exemption boards.

All the regulations relative to exemptions have not yet been made known. Some men will be exempt from service because of dependent relatives and others because of the special lines of work in which they are engaged. It is thought that for the present men at work on the farms will be exempt and this will be applicable to men engaged in industries directly connected with war preparations. It is said that the rules as to physical qualifications will not be nearly so strict as has been true in the past and regular army standards will be varied considerably.

In the past, for example, the man who was 5 feet 10 inches tall was expected to weigh about 160 pounds. Now not a great deal of attention will be paid to the relation between height and weight. Because a man engaged in indoor work is not found in good physical condition will not mean that he will be exempt from service. For now it is said that the federal officers will take into account the physical improvement which may come thru outdoor life and regular hours of exercise and sleep. There are some other surprises likely along this same line.

THOS. GRAVES RECEIVES  
NEW ROSS 8 CAR

Thomas Graves, accompanied by Bert Young, distributor, drove from Peoria Monday in his new Ross 8 car.

**WILL BUILD COTTAGES.**  
Charles L. French has contracted with Charles E. Seymour for the erection of two five room cottages at the corner of Jordan and North Prairie streets.

The cottages will be modern in every respect and Mr. French is building them for renting purposes, believing that there is a demand for residences of this size in Jacksonville. The improvements will cost about \$4,500 and a property now on the same lot will also be improved by painting and other repairs.

**GEORGE A. SMITH HOME FROM TRIP.**  
George A. Smith who travels for J. Capps & Sons has returned from a business trip thru Missouri, Kansas and Colorado. Mr. Smith reports business conditions good but says that he encountered many storms thru that territory.

**HERE FROM MOLINE**  
Mrs. George Lindvall and Mrs. John Stidger of Moline, Ill., are visiting for a few days with Mrs. E. R. Oswald and Miss Mattie E. Tapp, on East State street. Mrs. Lindvall and Mrs. Stidger are on their way to St. Louis to visit relatives.

F. J. Riggs and family and B. F. Ketner and family have returned from a sight seeing trip to Modesto where they viewed the havoc made by the terrible visitation there recently.

## MEREDOSIA COUPLE MARRIED SATURDAY

Carl Hyde and Miss May Wilson Wed  
at Methodist Parsonage—Woman's  
Foreign Missionary Society Meets  
—Other Meredosia Happenings.Meredosia, Ill., June 5.—At the  
Methodist parsonage Saturday evening,  
Rev. T. L. Hancock officiating,  
occurred the marriage of Earl Hyde  
and Miss May Wilson. The couple  
were attended by Arthur Hancock  
and Miss Reva Hyde, sister of the  
groom. Miss Margaret McLain  
played the march. Only the im-  
mediate relatives of the couple were  
present. The bride is a young wo-  
man of refinement and worth. The  
groom is the eldest son of Mr. and  
Mrs. George Hyde and is a substan-  
tial young business man of excellent  
character. They have their home  
furnished and will begin housekeep-  
ing at once in the Alhorn property  
on South Washington street.Miss Mabel Peterson of Jackson-  
ville has been secured by the board  
of education as teacher of the fifth  
and sixth grades of our school for  
the coming year.Miss Hazel Kuhlman passed with  
first rank in this township in the  
final examinations for completion of  
the eighth grade.James Rice, who has been in Flint,  
Mich., for some time, returned home  
Sunday for a visit with friends and  
relatives.Mr. and Mrs. George Unland and  
son Harold were the guests of  
Beardstown relatives Sunday.Miss Inez Bowling was a business  
visitor in Jacksonville Saturday.Mrs. Mary Turnham was a Jack-  
sonville visitor Saturday.Miss Bertha Kormeyer returned  
Saturday from Jacksonville where  
she has been in attendance at high  
school the past year.Rohit Moore of Springfield was  
the Sunday guest of Mr. and Mrs.  
T. W. Burdick.Mr. and Mrs. Arthur Cody and  
daughter, Frances, and son Willard  
of Jacksonville motored to this city  
Sunday and visited the former's  
mother, Mrs. Mary Cody.Mr. and Mrs. H. E. Harms were  
Jacksonville visitors Monday.Edward Hamman and son Glen  
were business visitors in Jacksonville  
Monday.Mrs. Rachel Bollvard returned  
Saturday from a visit in Shelbyville,  
Mo., with Mr. and Mrs. Harry Har-  
bert.R. B. Fields was called to Spring-  
field Tuesday by the death of his  
brother-in-law, Frank Stevens.Charles Thomason of Chapin was  
a business visitor here Monday.Joseph Schmitt, T. W. Burdick, W.  
J. Hale, L. F. Berger, L. H. Wege-  
hoff, Edward Schaefer and W. G.  
Burrus went to Jacksonville Friday  
night to confer the Royal Arch De-  
gree for the Jacksonville chapter.Mr. and Mrs. J. C. Kratz and sons  
Royal and Orin motored to Jack-  
sonville Monday and spent the day.Mrs. N. C. Stringam of Jackson-  
ville is visiting her daughter, Mrs. H.  
W. Kinnett.Wm. True of Jacksonville visited  
with Mr. and Mrs. H. W. Kinnett  
from Saturday until Monday.Coroner Rose of Jacksonville was  
called to this city Monday by the  
sudden death of Mrs. M. A. Morris  
Sunday evening.Mrs. John Reich spent Friday  
with friends in Mt. Sterling.Mrs. Mary Brockhouse returned  
Thursday from a visit with her son  
Edward at Beardstown.Miss Ilga White of Chapin visited  
the latter part of the week with her  
sister, Mrs. John Goffnet.Miss Iva Rawling returned Friday  
from a two week's visit with friends  
and relatives at Pawnee.

Mrs. Kate Carver and daughter

Mrs. Kathrine Schroll left Friday  
via the steamer Peoria for St. Louis.  
They expect to spend the summer on  
their farm near Flora.The Odd Fellows and Rebekahs  
will observe their annual decoration  
services of their departed sisters and  
brothers Sunday afternoon, June 10.  
All members are requested to bring  
flowers and meet at the I. O. O. F.  
hall at 2 o'clock on the above date.Miss Mattie Goffnet is visiting her  
brother John Goffnet and sister Mrs.  
Louie Hinners.Mrs. Jennie Bruno of Bluffs visit-  
ed Friday with Mrs. Mary Brock-  
house.F. W. Brockhouse and Mrs. Eliza  
Perry were called to Centerville, Ia.,  
Friday on account of the death of  
a cousin, Mrs. Lena Buckler. The  
deceased was a daughter of Charles  
Bruno of the above city and a niece  
of Mrs. Mary Brockhouse of this  
city.Joe Peters of Merritt spent Friday  
at this place.Mr. and Mrs. Edward Fricke and  
son Edward and Misses Clara and  
Lula Fricke of St. Louis visited  
Thursday and Friday at the home  
of F. A. Hillig and daughter, Hattie.Henry Christianer has returned to  
Carrollton after visiting his brother  
George Christianer.Mr. and Mrs. Fred Jording are  
rejoicing over the arrival of a son  
born to them on Monday.Children's Day exercises will be  
observed at the Methodist and Luth-  
eran churches next Sunday evening.Miss Alberta Quigg of Jackson-  
ville has been visiting at the home of  
Miss Esther Deppe the past week.Mrs. T. L. Hancock spent Sunday  
in Versailles.The Woman's Foreign Missionary  
Society held their monthly birthday  
social at the home of Mrs. George  
Butcher last Friday afternoon. Mrs.  
Butcher was assisted by Mrs. Fred  
Deppe and Mrs. Carrie Christianer,  
who had arranged a very pleasing  
program for the entertainment of  
the guests. An interesting feature  
was a contest in guessing foods,  
which were packed in small muslin  
bags. Mrs. James Galtway won the  
first prize, the best loved thing in  
America, the "Stars and Stripes." Dainty  
refreshments were served  
which brought to a close a very  
pleasant afternoon.Mrs. Rora Demiree, Morris, Okla.,  
visited from Thursday until Sunday  
with her sister, Mrs. Henry Stoner.  
She left Sunday for Beardstown to  
visit her brother before returning  
home.J. C. Kratz and son Orin on last  
Friday broke the record of this sea-  
son's hook and line fishing by bring-  
ing in eighteen fine black bass. Se-  
veral of the string weighed from one  
to two pounds each.Mrs. Maggie Boyd visited her son  
Wilbur at the hospital in Jackson-  
ville Friday.Royal Kratz of Bowling Green,  
Mo., visited his parents, Mr. and  
Mrs. J. C. Kratz from Sunday until  
Tuesday.Mr. and Mrs. Wm. Pond and  
daughter Lucile spent Sunday with  
relatives at Bluff Springs.CHILDREN'S DAY AT

## The Correct dress clothes by Hart Schaffner & Marx

If you have occasion  
to attend an evening  
wedding, or any even-  
ing function where  
you know the other  
men are going to dress  
up, you'd better see  
that you're ready with  
the correct thing in  
full dress clothes.There is only one  
correct way to dress  
for such affairs; it  
may be the full dress,  
or the Tuxedo; but  
you want to be right.If you trust the mat-  
ter to us we'll see that  
you are right.

## Lukeman Brothers

Hart Schaffner & Marx  
clothes

Copyright Hart Schaffner &amp; Marx

teen Intermediate Boys and Girls.  
Solo, Star Spangled Banner—Miss  
Anna Moody.Remarks—Rev. Cantrall.  
Collection, which was \$7.26.  
Song, "Somebody Did a Golden  
Deed"—Congregation.After which our county president  
of Sunday schools, W. H. Crum, dis-  
missed the audience with a short  
prayer.An ice cream and strawberry festi-  
val will be held on the church lawn  
Tuesday night, June 12. Everybody  
welcome. All children who took part  
in the exercises will be given their  
supper free if they wear their badge.

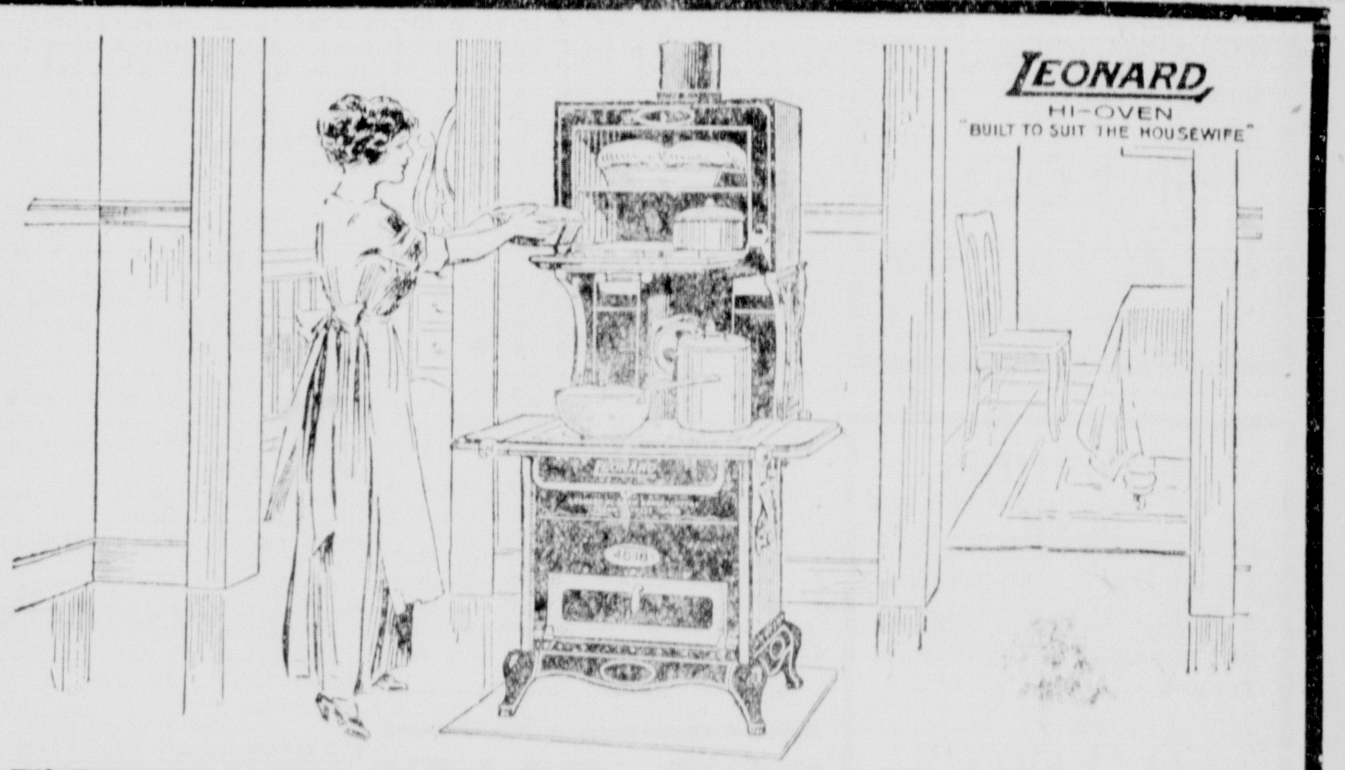

## —YOUNGBLOOD—

David Wilson and F. L. Hunger-  
ford were transacting business in the  
county seat Saturday.Elmer Jones is serving on the petit  
jury in Jacksonville this week.B. F. Jones spent the latter part  
of the week with his son Walter at  
Modesto and inspected the cyclone  
damage done there recently.The funeral of the late Rev. C. T.  
Caywood of Jacksonville will be con-  
ducted from the Baptist church here  
Tuesday afternoon at 2 o'clock in  
charge of Rev. N. M. Antrobus of  
Manchester.Ralph Steele is the possessor of a  
new buggy purchased this week.Earl Hopper returned home re-  
cently after a visit with his brother  
and sister near Winchester.Farmers in this vicinity are get-  
ting very anxious about work in the  
corn fields as the rains have not  
planted them greatly. Many have not  
delayed their corn yet and clover hay  
will be ready for harvest before the  
corn is ready for the first plowing.

## FIFTY DOLLARS REWARD PAYABLE IN GOLD

To the first man or woman who  
brings me a buyer to whom I  
make a sale of my home.House contains nine rooms  
besides bath, pantry, toilet on  
both first and second floors,  
electric lights, gas, city water,  
well and cistern within the kit-  
chen, furnace, large attic,  
floored, all in good condition.  
Lot 90x180 with good barn,  
chicken sheds, garden and  
grass plat.Sited four blocks from  
the square, convenient to  
schools, churches and rail-  
roads. I will also sell fur-  
niture at attractive prices.I offer my exceptionally desir-  
able building lot, corner of  
College Ave. and Prospect St.,  
with east and south front, wa-  
ter and sewer connections al-  
ready made.

JOHN N. WARD

## Bake Without the "Ake"

No More Uncomfortable Stooping

This is possible if you use a Leonard Hi-Oven Range. The elevated oven will save  
you many a backache and you have the satisfaction of having a perfectly heated and  
easily controlled oven. The glass oven door is a wonderful advantage, too.

## Leonard Hi-Oven Ranges

(Burn Coal or Wood—May Be Equipped for Gas)

Are Built as All Ranges Ought to be Built

The natural course of heat is upward instead of downward. This is why the oven in  
a Leonard Hi-Oven Range heats so much easier and more perfectly than the oven in an  
old style low oven range. The heat is evenly distributed on both sides of the oven so  
that the baking never needs turning. No more burning on one side and half baked on  
the other.Then, too, the oven is so constructed that a current of superheated fresh air passes  
thru it at all times. This makes the baking light with a crisp brown crust. The meaning  
of real baking pleasure is not realized until you buy a Leonard Hi-Oven Range.

## Why These Ranges Are Durable

The body flue of every Leonard Hi-Oven Range is lined throughout with heavy cast  
iron linings. This protects the body from the destructive gases. Then, too, the sheet  
material is of Rust Resisting Copper Bearing Sheet Iron. Not a particle of ordinary  
steel is used.A Leonard Hi-Oven will save work for you  
It is made to last and save fuel, too.There is  
a style to suit  
YOU

O'Laughlin. Time—2:05.

Detroit 1-6; New York 5-4

New York June 5.—New York and  
Detroit divided a double header here  
today. The Yankees won the first  
game 5 to 1 and Detroit took the  
second game 6 to 4. According to  
business manager Sparrow of New  
York the crowd was the greatest  
that ever attended an American  
League game in this city. Mitchell  
who shutout New York in the first  
game of the series was driven out of  
the box in the sixth inning. Cobb's  
work featured the second game. He  
hit Shawkey for two triples, a dou-  
ble and two singles, drove in three  
runs and scored a fourth. Pipp  
drove in three runs in the third in-  
ning.

Hale; Gallia, Johnson, Ayers and  
Almsmith.

CARDS BEAT BOSTON BY  
RALLY IN THE ELEVENTH

St. Louis, June 5.—St. Louis ral-  
lied in the eleventh today and nosed  
out Boston 3 to 2. St. Louis took  
the lead in the second on a double  
wild pitch and an out.

Score:  
St. Louis . . . . . 100 001 000 00-2 8 1  
St. Louis . . . . . 020 000 000 01-3 9 1  
Batteries—Tyler, Ragan and Tra-  
gesser; Meadows and Snyder.

Cincinnati 6; New York 5  
Cincinnati, June 5.—Cincinnati  
took the first game of the series  
from New York here today 6 to 5.  
The visitors made a run in the first  
and third innings without getting a  
hit. The local team came from be-  
hind in the ninth.

Score:  
New York . . . . . 101 000 021-5 9 1  
Cincinnati . . . . . 100 210 002-6 12 2  
Batteries—Schupp, Smith and  
McCarthy; Schneider, Mitchell and  
Huhn.

MEXICANS LOOT U. S. SHIP.  
Galveston, Tex., June 4.—The  
American Fishing Schooner Arcas,  
was boarded by the crew of a Mexi-  
can gunboat off the coast of Tehuan-  
tepec, Mexico, on the high seas, on  
May 31, and looted of clothing, fish-  
ing gear, and medicine chest. This  
news was brought here this morning  
by Captain S. A. MacDonald of the  
Arcas who arrived in port directly  
from the scene of the robbery.

SHARK INJURES MAN  
Savannah, Ga., June 4.—Fear of a  
repetition of last summer's preva-  
lence of men eating sharks along the  
Atlantic coast was felt here today  
as the result of an attack by a shark  
on Wallace J. Pierpont, Jr., son of  
Savannah's mayor, in Calibogue  
Sound. Pierpont's arm was badly  
injured by the shark which came  
close to shore.

## WOMEN IN THE NEWS

Miss May M. Buckley of Boston  
has been sworn in as United States  
deputy marshal in Massachusetts, to  
assist in the registration of alien  
enemies. The appointment is a  
"war" one, of a temporary charac-  
ter.

Mme. George Bannetoff, wife of  
the former imperial Russian ambas-  
sador to the United States, who re-  
signed his post because he is not  
in sympathy with the new Russian  
democracy, is an American, daugh-  
ter of the late Commodore Beale,  
who left her a large fortune. She  
is a sister of the late Mrs. John R.  
McLean and of Truxton Beale, for-  
mer U. S. Minister to Persia, and to  
Greece, Rumania and Serbia. The  
Bannetoffs have decided to remain  
in Washington and make it their  
permanent home.

For being "neighborly" Mrs.  
Frederick M. Rollins of Minneapolis  
is richer by \$10,000. Frederick J.  
Clark, a publisher, recently be-  
queathed her the sum "for the ex-  
ceptional kindness shown my two  
boys when they were young and  
companions of her sons." The Clarks  
and Rollins were neighbors for 30  
years.

"The Woman Citizen, a Journal  
of Democracy," a weekly publica-  
tion to be edited entirely by women,  
will make its first appearance to-  
morrow at New York, financed from  
the fortune left by Mrs. Frank Les-  
lie to Mrs. Carrie Chapman Catt,  
president of the National Woman's  
Suffrage association, for suffrage  
work. Rose Young, director of the  
Bureau of Suffrage Education, will  
be editor-in-chief. Alice Stone Black-  
well, editor of the Woman's Journal,  
will be special contributing editor,  
and other associate writers will be  
Ida Husted Harper, Mary Ogden  
White, Mary Sumner Boyd, Betty  
Graeme, and Rose Lawless Geyer.

Grace Abbott, who has been named  
director of the division of the  
United States Department of Labor  
which administers the Federal child  
labor law, has steadily been coming  
to the front of late years, as a social  
worker of more than ordinary abili-  
ty. She has been a resident of Hull  
House, Chicago, for some years, the  
friend and associate of Jane Addams  
and a director of the Immigrants'  
Protective League. She is the author  
of a recently issued book dealing  
with immigration which discloses  
the sort of ability and the kind of  
knowledge, which she has for use  
as a public servant.

The most notable wedding of the  
week will be that of Miss Alice Ford  
Huntington, next Saturday, to Mr.  
Charles H. Marshall, both of New  
York. Miss Huntington is the sis-  
ter of Mrs. Vincent Astor and Mr.  
Marshall is the brother of Mrs.  
Marshall Field, the alliance there-  
fore forming a close link between  
two of the most powerful plutocratic  
families of America. The wedding  
will take place at Hopeland House,  
the Huntington home at Staatsburg,  
on the Hudson, where Mrs. Astor's  
wedding also took place three years  
ago. Miss Huntington, then a school-  
girl, was bridesmaid. She made her  
debut in New York society only last  
January, when Mr. and Mrs. Astor  
gave in her honor at their Fifth Ave-  
nue home, one of the largest and  
most brilliant parties given there in  
many years.

An American girl in an airplane  
flying over the sacred ground that  
emperors once plowed in ceremoni-  
als prescribed by ancient lore as the  
sole key to good harvest—that is the  
transformation China's awakening  
has wrought in what was once the  
world's sleepiest realm. Miss Kath-  
erine Stinson, a prophetess of avia-  
tion in her own country, is the  
young American aviator who is win-  
ning a second crown of achievement  
and fame in the faraway land. She  
has been flying in the historic tem-  
ple of agriculture grounds at Pek-  
ing, and for hundreds of miles  
around the capital there was no liv-  
elier topic of interest than her exhi-  
bitions. Thousands of men, women  
and children watched her feats dat-  
ly. She was presented by Fan Yuan-  
lien, Minister of the Interior, in the  
name of his Government, a silver  
cup engraved with a Chinese inscrip-  
tion which all in one is a pun upon  
her name—Shi-Tien-Sun for Elison  
—and calls her "Granddaughter of  
Heaven." In presenting the cup,  
Minister Fan said that it was the  
first time that the achievements of  
modern woman had thus been recog-  
nized in China. The presentation oc-  
curred after a daring exhibition,  
which included looping the loop, fly-  
ing upside down, the 2,000 foot  
death drop, and the blowing up of a  
miniature fortification. She has not  
had a single accident in all her exhi-  
bitions in China. Of late years, few  
American visitors to China can boast  
of having done more for the pre-  
stige of the American name than this  
young girl.

PLAN WAR WORK FOR EXEMPTS  
Washington, D. C., June 5.—Ar-  
rangements have been concluded for  
a conference to be held here tomor-  
row under the auspices of the re-  
cently organized American League  
for National Unity, which is endeavor-  
ing to find a channel through  
which every man exempted from mili-  
tary service and every woman may  
serve the nation during the present  
war. The organization is composed  
very largely of foreign-born Ameri-  
can citizens and is headed by Dr.  
Charles P. Steinmetz, noted for his  
achievements in electrical sciences.  
Tomorrow's conference, it is expect-  
ed, will be attended by delegates  
from many cities throughout the  
country.

Bunny Brief, formerly of the Yan-  
kees, is once again performing in  
the big tent as a member of the  
Pirates. After leaving the New York-  
ers Brief worked in the Pacific Coast  
league, where his brilliant playing  
attracted the attention of the Pitts-  
burgh management.

A Welcome  
that Makes Good

Once you go to the Willard Service  
Station you'll go again, because you get  
something more than service.

You get a real welcome.

It may express itself in a bit of sound  
advice about the care of your battery or  
a book on battery health. But it's al-  
most always something more than you  
asked for.

It's this that makes Willard service  
different.

If you haven't already received a  
Willard Service Card, stop in for one.  
It entitles you to free hydrometer testing  
twice every month—the first step in the  
prevention of battery trouble.

We have a rental battery for you if  
yours needs repairs.

## THE FEEDER'S DUTY

Address of Frank E. Drury, Jacksonville, Ill., before the Indiana Cattle Raisers' Association, Purdue University.

The agricultural colleges of the middle west have been in the thought and experiment with reference to conservation and increased production, giving us the scientific analysis of the soil and showing wherein we can replace our lost fertility so ruthlessly wasted during the last half century. They have conclusively proved and persistently shown to the American farmer that the quickest, surest and cheapest method of replenishing and maintaining the fertility of the soil is through the means of a combination of scientific livestock and crop farming.

We are today facing conditions unparalleled in the history of the world—a world's war for democracy as against autocracy. The entire power consists of eleven nations, of which we, preeminently a democratic nation, are the first to join.

We must lend our strength, time, money and even the blood of our country to win in the name of freedom. Production of the world over is necessarily at a minimum. With thirty-nine million men already at the front and six million disabled men, the last reserves being called out in many nations, and with our own national call for several million soldiers, we can readily understand the acute situation with regard to the food supply for feeders.

**PRODUCTION COST HIGH.**

Adding to this depletion of the producers of foodstuffs, we must recognize that Nature has not favored the world at large with abundant harvests the past year, and in many of the best sections of the food-producing countries the crops have been very short for several years. Drought has been the limiting factor in the most of the United States and South America, as well as Australia. Hence, our stores of provisions for this world's war are very high.

Cost of production has kept pace with price, however, and any severe market fluctuation, such as we have had recently, caused by the fear of government control of prices, operates in a very discouraging way on the most producers of our country. The extreme high cost of the board bill of a heavy steer and the limited resources of feed to hold past such a break in the market puts the feeder in a position where even the old timer, who seldom ever has a vacancy of the market affect his operations, hesitates and feels a bit nervous over the situation. In these days, we know what a day might bring forth.

Fear is one of the greatest evils of the live stock game. The hazard is so immense that none who has not tried it out can realize its magnitude. When thousands of men have invested millions of dollars in a live stock business, and in one way or another arranged the influence on the public mind so that the otherwise shortage in meat becomes a flood temporarily.

Now all things point to the fact that our government does not intend to act in any way that will cause trouble to the producers; in fact it is its avowed intention to act exactly opposite to that, and it does not intend to do anything but to try to stimulate and encourage every form of production possible.

**MUST PAY PRODUCER AMPLY.**

War and its consequences bring about reforms and transformations that are a lasting good to mankind. May the shortage in foodstuffs of the nations at war and the consequent results of methods devised for proper distribution and marketing that may be worked out during the crisis, bring out clearly the necessity of the producer being amply paid, not only for his labor, but also for the risk he runs in converting grain into meat for food.

Cattle feeding is a profession of its own. Yet the professional or speculative cattle feeder is not the man that the country looks to for the bulk of the beef supply, but the plain, every-day farmer who raises corn and hogs, either raises cattle or only buys enough at the market to feed his grain and use his exchange, thus adding to the general good condition of his hogs and fertility of his land.

The large droves of cattle have mostly disappeared, and it is now up to the people to furnish encouragement to producers, so that they will be both able and willing to embark in an occupation that for some years past has called for some philanthropy on the part of the producer. The farmer can live by caring for a few sows and a few hogs, and a lot of grain crop, and it is natural for him to eliminate the extras unless he can figure a fairly sure profit. Hence any move that will help to sustain the farmer in the belief that not only the public, but also the government, is willing that he should have the honest results of his toil and risk, and for once be assured that he will be put on a par with his business friends in other lines and get the cost of raw material plus a reasonable profit for the finished product, and not be subjected to the whims and variations of an unnecessarily uneven market, such action will both stimulate and encourage production to the general abundance of food to meet the demands of the hour. Such associations as yours represent the trained producers of our country, and we should stand four square to the call of our country for production; we who are trained to this business have it and have it well done, and we are now called to a patriotic service.

**THE FEEDING PLAN.**

With different basis prices, both feeds and markets, from what we are accustomed to, it becomes a cause of rapid calculation.

My experience has been, for the most part, that the full feed method of fat-

tening both cattle and hogs has proven satisfactory and profitable. In handling cattle I have considered the kind and amount of feed and roughage fed each year and have started them on feed accordingly. Invariably using the greater amount of roughage during the first third of the feeding period, lessening the roughage and increasing the grain ration the second third, gradually putting them on full feed and to the self-feeders the last part of the feeding. This gives them hard muscle, but I am convinced in regularity in feeding and in a variety of feeds and still believe the old-fashioned shock corn is hard to beat, but realize that we cannot depend altogether on getting that to the cattle in the same appetizing condition at all times and to insure against bad weather and always have a good ready prepared feed, of course I use ensilage and with it mix the cottonseed and linseed meal for a balance of the ration, making a conditioner for both cattle and hogs. Last winter I fed four times a day a feed of shock corn followed by a feed of ensilage with cottonseed and linseed meal mixed thoroughly. In the afternoon, but before feeding the meal, I fed a feed of linseed meal. The cattle came to the fourth feed with good appreciation and made good gains and did well. I fed eighty acres of heavy shock corn and one hundred acres of ensilage, fifteen tons of linseed meal and one hundred tons of straw for bedding. All this gives results indicating that this feed makes a large amount of strong fertilizer for the farm, approximately five hundred tons which is all well rotted and easily distributed with the manure spreaders in the fall.

The hogs following the cattle surely do a good job of cleaning up all droppings, as the concentrated manure makes them very rich. I run about five hogs to the acre, thus getting the full benefit of the droppings. I have a large self-feeder, which will accommodate easily more than five hundred head. That is, I have a large self-feeder on concrete lots if desired, but when not necessary, I prefer to allow them a small dirt lot in addition.

My results indicate that the killing sheet kindly given by Swift & Company, have been as good as some of the show cattle running as high as 64 per cent on cattle in New York and on hogs at St. Louis up to 4 per cent and 1 per cent less than a recent market. I secured better than 15 cents per 100 pounds. I raise all of my hogs, keeping from 100 to 150 sows, and at farrowing time have averaged from seven to ten piglets per sow, and one-half each. The use of portable self-feeders for hogs is a factor in handling these pigs in order to be able to negotiate according to the market. This gives me all an equal chance as well as a good start in life.

I buy all my cattle and usually about Thanksgiving time, when the run is still coming just ahead of winter, feeding in barn through winter and if necessary right on in the hot summer months, as I have not turned out on the grass since I began using silage.

I bought good Durham thousand pound cattle last fall in Kansas City at \$2.50 and sold two loads out of them two weeks ago in Chicago at \$12.25. The all had a slight hard finish, but were a little too light for the high dollar. However, this gives better than five dollars a cwt. and a gain of three hundred pounds from market to market on a five month feed. Our gain per month was at least fifteen to twenty pounds short this time as compared with former years, on account of the drought having reduced the yield per acre.

**FARMER MUST INCREASE SUPPLY.**

With the eyes of the world on the American farmer demanding more ability and industry for very existence, with the world war turning upon supplies for the nations at war, and the President to our people as producers to exert themselves to the utmost, that we may be able to meet the world, with the government and the President willing to assist with any means possible in money or encouragement, if necessary to money or save crops; with the government's expressed unwillingness to allow the usual law of competition to operate from the farm to the city except as producers; with the expressed hope that laws would be enacted to not only protect the producer, but to actually encourage him and if necessary guarantee a minimum price on foodstuffs that the experience of former years and consequent demoralized markets should not be repeated, at least during the war with prices the highest known in history and nothing in sight to lower them materially, we are justified in making every effort with a strong determination to relieve the situation. With heavy hearts for the sorrow of those who have been driven forward with a grim resolve to leave no stone unturned, that we may not be held responsible for further misery and starvation of any of the peoples depending on our faithful performance of a duty which no individual nation should know better how to perform.

## SCHOOL BOARD REPORTS

The following reports were presented at the meeting of the board of education.

The May attendance records for the schools as shown by the superintendent's report is as follows:	
High school .....	274
David Prince .....	239
Jefferson .....	238
Lafayette .....	232
Franklin .....	188
Washington .....	288
Morton .....	191
Independence .....	26
Open Air .....	37
Total .....	1,744

## Officers' Reports

Treasurer Dunlap reported general fund:	
Balance May First .....	\$ 26.51
Received from things sold .....	15.00
Taxes .....	61,100.00
Total .....	\$61,191.51
Warrants paid .....	61,088.12
Balance .....	17.39
Building fund:	
Balance May 1 .....	49.65
Taxes received .....	9,000.00
Total .....	\$ 9,049.65
Warrants paid .....	2,861.57
Balance .....	\$ 6,179.08

The secretary said there were some more bills to come in and some more tuition to be collected and that in round numbers the present board had inherited a deficit of about \$25,000 and would cut it down to about \$17,000.

## ONLY WOMAN FLAG BEARER

Bloomington, Ill., June 5.—Conspicuous among those in attendance at the 51st annual encampment of the Illinois G. A. R. which had its opening here today, is the only woman flag bearer of the order in the United States. She is Mrs. Bessie Barth Richardson of Rock Island. When her grandfather, who for 20 years was the flag bearer of John Buford Post 243 of Rock Island, died some months ago, Mrs. Richardson was unanimously elected flag bearer and daughter of the post. Since that time, whenever the post turns out for parade, Mrs. Richardson marches at the head of the column carrying the flag.

A. A. Arnold of Arnold station was attending to his interests in the city yesterday.

CAPE MAY TO AGAIN BE  
POPULAR RESORT

After Fifty Years of Lethargy Town May Again Be Famous as Result of War—Is Nearest of Any Atlantic Coast Resorts to Washington

Cape May, N. J., June 5.—The war promises to restore to Cape May the prestige it once enjoyed as "the" resort on the Atlantic coast. After remaining in a state of lethargy for half a century the town is preparing to dispute for supremacy with Newport, Atlantic City and other summer resorts now famous, but which were virtually unknown when Cape May was in the heyday of her glory.

Outward and visible signs of the coming boom are already abundant. The hotels are being refurbished and nearly all of them are arranging to enlarge their accommodations. Cottages that have been boarded up for years are being reopened and many new ones are being put up. New places of business and amusement are springing up over night and the railroads and steamboat lines are preparing to handle record-breaking traffic.

As previously intimated, the revival of Cape May's prosperity is expected to result from the war. It is the nearest of any of the Atlantic coast resorts to Washington. In previous years the activities of the Government have come almost to a standstill in the summer months and the officials and their families have had ample time to spend their vacations in distant parts of this country or abroad.

## War to Bring Change

The war is going to bring about a radical change in these conditions. There is little prospect that any prominent official of the government will be able to get away from the capital for more than a few days at a time this summer. Every official from the president down is preparing to stick to his desk. The best that they can hope for will be an opportunity to get away from Washington over the week-end. Under such circumstances they are not going to waste much time to travel. New England and New York resorts will be too far for them to visit and return in the short time at their disposal. On the other hand, they may send their families to Cape May for the summer and spend Saturday and Sunday with them with little loss of time.

Accommodations already have been secured here by cabinet members, heads of bureaus, senators and representatives, army and navy chiefs and others who expect to be kept in Washington thru the summer. Unless all signs go astray the war of 1917 will make Cape May the week-end capital of the nation and restore to her the prestige and prosperity she once enjoyed.

## Is Oldest New Jersey Resort

Cape May is the oldest resort along the New Jersey coast. Passing from a prosperous whaling village, founded in 1699, it became a fishing village during the 18th century, and then the greatest resort in America during the middle of the 19th century. In fact, while Atlantic City and other present-day resorts enjoy national reputation, they fall far short of the glory which once belonged to Cape May. Its position between 1849 and to the close of the civil war has never been duplicated in the resort annals of America.

To this settlement came the wealthiest of the Southern plantation owners. With large retinues of negro slaves, magnificent carriages and elegance of the days before the war, the Southern belles made Cape May the centre of the social life of the country. The families usually came by boat from Baltimore.

## Only One Hotel Remains

To accommodate the aristocracy of the south, of New York and Philadelphia magnificent hotels were built. Of these one alone now remains. The Mount Vernon, destroyed by fire in 1854, had accommodations for 2,000 guests. All the appointments of the delightful southern homes were to be found, and, which modern conveniences were lacking, the accommodations were the finest to be found anywhere at that time.

Presidents of the United States visited Cape May; members of Congress and other notables from all sections of the country spent their summers at this popular resort. General Robert E. Lee had a cottage here, while the names of the leading Southern families can be found in the old registers and as occupants of the cottages. The balls and assemblies held in the hotels were affairs of national social importance. For upwards of a quarter of a century Cape May was the Newport of the coast for the Northern and Cape Charles for the Southern. The civil war sounded the death knell of the resort. No longer could the families of the South afford to spend the summers here; no longer could the people, taxed by the war, pay the rates at the palace hotels. One after another the great hotels shut their doors and the town again took on the atmosphere of the little fishing village it had been before prosperity came.

## ADMIRAL'S DAUGHTER A BRIDE

Baltimore, Md., June 5.—The wedding of Miss Anne Waters McLean, daughter of Rear Admiral Thomas C. McLean, U. S. N., and Nathaniel W. Griffin, an associate professor of Princeton University, took place at noon today in Emmanuel Protestant Episcopal church. Many guests of prominence attended the ceremony.

International Corn Planters  
Have a Habit of Pleasing

If your neighbor owns an International corn planter, you don't have to be told that he is satisfied. You know it, and we know it. The International corn planter satisfies because it is simple and because it plants corn the way you want it planted. A strong feature is the adjustable runner frame, keeping the runners even and the hoppers level, no matter what the height or speed of your team. This mean accurate dropping and even checking instead of zig zag. It is a very convenient planter under all conditions.

The International is the corn planter that deserves to be looked over by every farmer who wants to get the most out of his cornfields. It wastes neither seed nor ground, it handles easily, and it lasts as long as any farmer could ask.

Come in the first time it is convenient and study an International planter. Made in five styles—own the style that suits you.

## TRUSTEES HEARD WORK OF YEAR IN REVIEW

Annual Meeting of the Board of Illinois Woman's College Held Monday—Year One of Growth and Activity.

The annual meeting of the trustees of Illinois Woman's college began Monday morning at 10 o'clock and continued until 3 in the afternoon. There was a large representation in attendance of both the resident and non-resident trustees. It was the first session for Mrs. Mary Hardtner Blackstock of Springfield and James E. MacMurray of Chicago, who some years ago made the first endowment gift to the college and Mr. MacMurray, who is a prominent Chicago business man, has for years been active in Methodism and a friend of the college.

The reports presented by the conference visitors, by President Harker and E. E. Crabtree, treasurer, all indicated a year of successful activity and growth. Dr. Harker's report, which was presented on commencement day, is the twenty fourth since he assumed the duties of the presidency. The report is an interesting document, showing as it does the remarkable growth of the college during President Harker's administration. It was mentioned that only one other college president in Methodism has served continuously for as long a period as President Harker.

**Reports Presented.**  
The report of the conference visitors was presented by Dr. F. A. McCarty and special reference was made therein to the need of relieving Dr. Harker of more of the detailed management of the college in order to give him more time for other work, but especially for the purpose of permitting needed rest. Dr. McCarty and other members of the board of visitors laid especial emphasis upon the fact that because of his membership on important church boards Dr. Harker belongs to Methodism and not to Illinois Woman's college alone.

The report from the alumnae showed the active interest of that organization and was presented by Mrs. F. H. Rowe. Mrs. Jennie K. Ward has for a number of years presented the financial report for the alumnae but failing health has made it necessary for her to surrender that work and Mrs. Rowe reported that Miss Louise Gates had been selected for the post.

The election resulted in the choice of:  
President—Dr. T. J. Pitner,  
Treasurer—Edgar E. Crabtree,  
Executive Committee—Dr. T. J. Pitner, Mr. Crabtree, Dr. Harker, Alexander Platt and Mrs. Belle S. Lambert.

The resignation of W. E. Veitch as a trustee was received with regret. The roll call showed the following trustees present:

**Trustees and Visitors.**  
H. B. Prentice, Chicago; Mrs. Mary H. Blackstock, Springfield; Dr. T. J. Pitner, Edmund Blackburn, Alexander Platt, E. E. Crabtree, Mrs. F. H. Rowe, J. W. Walton, Jacksonville.

The conference visitors present were Dr. J. C. Ntze, Urbana; Rev. A. C. Pierson, Springfield; Rev. P. R. Glottelty, Salem; Dr. D. F. Wilson, Moline; Dr. F. A. McCarty, Rev. J. O. Kirkpatrick, Rev. C. S. Whitfield, Mitchell, Ind.; Rev. E. L. Pieter, Dr. F. M. Reule, Rev. W. W. Theobald, Rev. George Wetzel, Rev. M. N. English, Rev. F. B. Madden.

**CARD OF THANKS.**  
We wish to thank friends and acquaintances for kindness shown us and also for the many beautiful flowers sent at the death of our mother.

The Walker Children.

Miss Sadie Murphy of Franklin was a city shopper yesterday.

## PRESIDENT HARKER'S REPORT

I have the honor to make my twenty-fourth annual report as president of the Illinois Woman's College. Through all the years it has been our privilege to call attention to the special providence which has attended the college in its freedom from accident and sickness, but the past year has been even more unusual in these respects. We have had very few cases of sickness, no epidemic, even of the milder forms, and no serious illness or accident of any kind. We are grateful to God for continued and multiplied mercies. We take the utmost care to have all the arrangements of the college as sanitary as possible. We have taken special pains to insure the purity of our water for drinking and cooking, the milk used by the college is from a herd which is regularly examined and the milk and cream tested. We provide an abundant supply of wholesome food and arrange that the students shall have regular systematic exercise and sufficient sleep. Credit is also due to the faithful and efficient nurse, Miss Helen Miner, who gives constant and watchful attention to all matters pertaining to the health of the college.

**The Trustees.**  
I regret to record the resignation of the Rev. Wm. Clarke, one of our trustees, who although appointed quite recently had taken a very active interest in the college. Mr. Clarke was obliged to resign last summer because of continued ill health. Mr. W. E. Veitch of Jacksonville, who has been a faithful and efficient trustee for many years, serving from 1893 to 1897 and from 1906 to the present time, has also tendered his resignation because of declining health. We are very sorry to lose the wise and helpful counsel of Mr. Veitch, and express our sincere appreciation of the value of his services and our regret at losing him from the board. We greet two new members of the board, Mr. James E. MacMurray of Chicago, and Mrs. Mary Hardtner Blackstock of Springfield. Mr. MacMurray is a prominent business man and one of the leading Methodist laymen of Chicago, now president of the Chicago Methodist Social Union. Mr. MacMurray has for many years taken an active and increasing interest in the college. Mrs. Blackstock is the daughter of the late Dr. John Hardtner, of Springfield in whose honor a scholarship endowment of \$5000 was contributed some years ago, and Mr. and Mrs. Blackstock have recently shown their continued interest in the college by the gift of the beautiful swimming pool in the new gymnasium. We welcome these new members to the board and are glad to have them join with us in the responsibilities and the privileges of making this one of the best colleges for women in the country.

**The Faculty.**  
I cannot forbear to speak again of the fidelity and efficiency of the college faculty. They have done honest and faithful service and are interested not only in the classroom, but in all matters pertaining to the advancement and progress of the college. I am glad to report that there will be very few changes in the faculty for the coming year. We are sorry to lose Miss Mary Hull, who has served for the last four years as professor of Physics and Geology, and who leaves us to enter the state of matrimony. She has been a most faithful and efficient teacher and we part with her with much regret. In her place we have secured Miss Margaret B. Fuller, a graduate of Northwestern University, with graduate work at the University of Chicago, and with a record of several years of unusually successful teaching. Mrs. Mathilda Colean of the department of Music, who has been absent for a year on leave of absence for study in New York, will return to us the coming year. Miss Frisbie who has done faithful work as director of physical training will not return. In her place we have secured Miss Cora E. Jacoby, of the Randolph-Macon school, a woman who has had rare training and experience in this department. The opening of the new gymnasium will make possible unusual opportunities for physical work, and we anticipate a great development in this line of college activity.

**Students.**  
The number of college students continues to increase, but the total attendance has been somewhat less during the past year because of the decrease of students in the academy. The following table is inserted to show the advance of attendance in the last five years. It will be noted that the college attendance has increased from 140 to 192, while the academy attendance has decreased from 76 to 49.

**The Gymnasium.**  
How long we have dreamed about the gymnasium and how happy we are in its actual realization. It is a beautiful and ample building. In appearance, design and construction it is a credit to the architect, Mr. J. K. C. Pierson of Jacksonville. It is substantially constructed. The ample fireplace makes it a most cheerful social room, the spacious stage and large seating capacity make it useful

as a playroom and for general meetings; the gymnasium floor is well adapted for all forms of physical exercise, for basket ball, volley ball, indoor tennis and other games, and also for roller skating; the bowling alley will afford interesting and vigorous exercise. But the chief joy and delight is the beautiful swimming pool, the gift of our Springfield friends, Mr. and Mrs. Ira B. Blackstock. Altogether, the gymnasium is worth the years of waiting and will prove a constant source of pleasure and advantage to students for all the coming years.

The increase in the number of college students is a matter for special pleasure. A statistical survey of Illinois colleges recently made under the direction of the Council of Church Boards of Education gives a list of thirty-three universities and colleges in the state of Illinois. Of these the Illinois Woman's College is the youngest of regular college standing, entering the standard college list only in 1908. But the report shows that in this time we have advanced up the list, passing by twenty-two of the colleges, so that we are already eleventh in the number of actual college students. We have also similar-

ly advanced to the same rank both in equipment and buildings and in the high standards of college work, and are now classified in the upper third of the list, side by side with the best universities and colleges of Illinois. The high grade of work that the college is doing is especially recognized by the University of Illinois, which has for the last four years given a scholarship for graduate work to a member of our senior class. The report from the university with regard to the graduate scholars, Miss Lois Coulass, Miss Emma Elliott and Miss Margaret Goldsmith, has been that they have stood in the highest rank of students in the graduate school, and the university has especially honored us in accepting for these graduate scholarships two of this year's class, Miss Ora Theobald and Miss Hazel Houck.

The increased interest in all departments of student activities is shown in the plans which are now being laid for an earlier beginning of this activity at the opening of the college next fall. The officers of the different organizations are working to have everything ready at the opening of the college year, and a schedule of events, covering the entire year is being prepared, so as to avoid conflicts and secure the best results in all the different lines. We are especially studying these problems to prevent anyone of the students from having too much to do in these extra-curriculum activities and secure the active participation of every student in some one or more of them. The new social room has been greatly enjoyed during the year, and will prove an increasing pleasure as time goes on.

The college has been sending out graduates for sixty-six years, and has a large list of alumnae, more than a thousand now living, and several thousand former students, who have here received training and inspiration for better lives. These women are everywhere throughout the United States, especially in Illinois and central west. By far the largest number of them are wives and mothers. A large percentage become teachers. A list recently compiled shows that more than a hundred who have attended within the last fifteen years are now teaching. These former students and alumnae are the greatest asset the college has. If in some way they could be well organized and united, what a power for the advancement of the college they would be. A good beginning has been made toward this organization, but the work progresses slowly. College societies have been formed in St. Louis, Chicago, Kansas City, Springfield, Champaign, Los Angeles, and interesting meetings are reported. The Alumnae Association in the last ten years has raised in scholarship and professional endowment more than \$28,000. They have sent many students to the college.

One of the freshmen this year is a daughter of one of our own graduates of 1894. But much as they have recently done, it is only an earnest of the great things they could do if these thousands of former students could only be well organized and united. The present organization owes much to the faithful interest and enthusiastic leadership of Mrs. Jennie Kinman Ward, Mrs. Belle Short Lambert, and Mrs. Marietta Mathers Rowe. We greatly regret that Mrs. Ward is again not able to be with us, and that Mrs. Lambert is absent, in loving service to a daughter who is ill. But there should be a dozen or even a score of the younger alumnae and more recent students who will eagerly volunteer, and who will take up the work so well begun and carry it to its successful possibilities. There are interesting indications that this is about to be done.

**The Library.**  
The addition to the library, built last summer through the generosity of Dr. David Strawn, has been most helpful in all college work. By gift and by purchase nearly a thousand volumes have been added. We thank the friends who have remembered us by gifts of books and magazines. The library is the all-college laboratory. Every friend who contributes a book or a dollar is contributing directly to college efficiency. We have now nearly nine thousand volumes, and a library endowment of something over \$6,000. We hope to see the day when there are twenty thousand volumes and an endowment of \$50,000, and we take special delight in calling attention to this splendid opportunity.

**The Gymnasium.**  
How long we have dreamed about the gymnasium and how happy we are in its actual realization. It is a beautiful and ample building. In appearance, design and construction it is a credit to the architect, Mr. J. K. C. Pierson of Jacksonville. It is substantially constructed. The ample fireplace makes it a most cheerful social room, the spacious stage and large seating capacity make it useful

as a playroom and for general meetings; the gymnasium floor is well adapted for all forms of physical exercise, for basket ball, volley ball, indoor tennis and other games, and also for roller skating; the bowling alley will afford interesting and vigorous exercise. But the chief joy and delight is the beautiful swimming pool, the gift of our Springfield friends, Mr. and Mrs. Ira B. Blackstock. Altogether, the gymnasium is worth the years of waiting and will prove a constant source of pleasure and advantage to students for all the coming years.

## MR. AUTO OWNER!

Why throw your old auto tires away when they are good for 2500 to 6500 more miles.

My method of taking two old tires and making one good one is saving thousands of auto owners from 50 to 75 per cent on their bills.

Send me two old tires and I will make one good tire that you can get from 2500 to 6500 more miles out of. In sending me tires be sure one has a good rim no matter how bad the tread is worn. For the other one that has a good tread no matter what condition rim is in.

If You Haven't a Tire with a Good Tread I Can Furnish You One

## PRICES FOR DOUBLE TREADING

SIZE	When you furnish both tires	When You Furnish one tire	SIZE	When you furnish both tires	When You Furnish one tire
30 x 3	\$2.25	\$4.00	35 x 4	\$3.25	\$6.25
30 x 3 1/2	2.50	4.25	36 x 4	3.50	6.50
31 x 3 1/2	2.50	4.50	34 x 4 1/2	3.50	6.50
32 x 3 1/2	2.75	4.75	35 x 4 1/2	3.75	7.00
34 x 3 1/2	3.00	5.25	36 x 4 1/2	3.75	7.00
32 x 4	3.00	5.50	37 x 4 1/2	4.00	7.50
33 x 4	3.00	5.50	37 x 5	4.00	8.00
34 x 4	3.25	6.00			

Where a tire is blown out an additional charge of 50 cents is made. Patches necessary in a tire, an added charge of 35 cents for each 10 inch patch.

Tires sent to me should be prepaid as I pay no transportation charges either way.

## BELIEVES OTHERS SHOULD TRY PLAN

### Farmer's Wife Thinks All Who Take Tanlac Will Profit

Mrs. E. M. Chrisman, wife of one of Morgan county's most prominent farmers, residing on rural route No. 1, Jacksonville, Ill., is hoping that everyone troubled will try Tanlac for she believes the new medicine will prove a big boon to all.

"For several years I had suffered from stomach trouble, indigestion, bloating, etc.," she continued. "I felt distressed invariably after meals. Gas would form in my stomach and make me belch annoyingly. There were some things I just didn't dare to eat."

"I decided to try Tanlac after reading in the Jacksonville papers of its good work. Well sir, I surely have improved greatly since using one bottle of Tanlac. I thoroughly enjoy my meals now as I never suffer any distress after eating. The food seems to digest properly and agrees with me perfectly. Tanlac has benefited me greatly and I'm glad to let others know about it so that they may be convinced and try the new medicine."

Tanlac, the Master Medicine, is especially beneficial for stomach, liver and kidney trouble, catarrhal complaints, nervousness, depression, loss of appetite and the like. Tanlac is now being introduced in Jacksonville, at the Coover-Shreve Drug Co., East Side store, where a special Tanlac representative is explaining the new medicine to the public daily. Tanlac also may be obtained at the West Side store of the Coover-Shreve Drug Co. It is sold in Waverly at the Wyle Drug Co., in New Berlin at the New Berlin Drug Co., in Ashland at H. O. Brownback's, in Versailles at A. G. Bates', in Chapin at P. P. McKinney's, in Goodhouse at W. D. Berry's, and in White Hall at the City Drug Store.

### "WHY WOMEN CANNOT SLEEP."

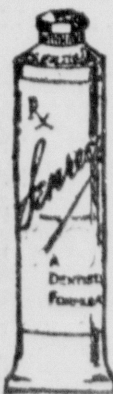

The highly organized, finely strung nervous system of women subjects them to terrors of nervous apprehension which no man can ever appreciate.

The peace of mind, the mental poise and calmness under difficulties, which is necessary for happy womanhood, is only possible when the sensitive feminine organism is in a perfectly healthy condition. If there be any weakness or derangement in this respect no remedy in the world so completely restores womanly health, nervous vigor and capability as the wonderful "Favorite Prescription" invented by Dr. R. V. Pierce. It purifies, heals and strengthens; insures functional regularity; provides physical reinforcement and sustaining power at periods of special weakness and depression.

Quincy, Ill.—"When I felt I needed a tonic, I used Dr. Pierce's Favorite Prescription. I was simply tired out and didn't feel good. I just felt that I must have a tonic which was good for women. I used about two bottles of 'Favorite Prescription' and I shall always praise it because it helped me."—Mrs. Julia Curtis, 524 North Fifth St., Quincy, Ill.

FREE—Dr. Pierce's Medical Adviser, cloth-bound, sent free on receipt of three dimes (or stamps) to pay expense of mailing only. Dr. Pierce, Invalids' Hotel, 63 Main Street, Buffalo, N. Y.

**Senreco**  
The double-service tooth paste,  
keeps teeth clean AND GUMS HEALTHY.

Keeping the gums healthy and the mouth sweet is very important to health; more teeth are lost through the loosening of the tissue that holds the teeth in place than from decay.

Dental science to-day demands that a tooth paste must keep the gums healthy as well as clean the teeth.

Senreco was formulated to meet this requirement. Hundreds of dentists are prescribing and using Senreco because they have found that it does measure up to that standard.

### SENRECO IS A WONDERFUL CLEANSER.

In addition to its remedial properties Senreco is a wonderful cleanser; acts directly on the mucin film, the basis of tartar; leaves the mouth cool and clean-feeling. As some one has expressed it—Senreco gives one a new idea on mouth cleanliness.

Get a tube to-day at your druggists or toilet counter—enjoy the healthy, cleanly feeling its use gives your mouth and gums. Notice how brilliantly white Senreco makes your teeth. It performs this two-fold service for you and yet costs no more than the ordinary, old-fashioned tooth paste that simply cleans the teeth and leaves a pleasant taste—25 cents for a large 2 ounce tube.

### PRESIDENT HARKER'S REPORT

(Continued from Page 10.)

There is also a good beginning of professional endowment. The alumnae, not satisfied with the Memorial Scholarship Funds of \$5,000 each in honor of the president, have now begun two Professional Foundations, one to establish a chair of English Bible literature, in honor of President Wm. F. Short, and one for a chair of Bible and religious education in my name. The total needed for each chair is \$40,000. Toward the Short professorship there has now been given \$4,300 and towards the Harker professorship \$3,045.

There is a library endowment of more than six thousand, which it is hoped to increase to \$50,000; a gymnasium endowment, for equipment and maintenance, of \$1,485, with a similar goal of \$50,000, and a furniture and equipment endowment has been begun, with a gift from one family of \$2,575. When it is remembered that it requires nearly \$5,000 a year to keep the college in good repair and furnishings, it will be seen how necessary is this fund, and that it ought not in any case to be less than \$50,000, and with the growth of the college will soon need to be more than that.

There is a prize endowment fund of \$1,000, established in memory of Wesley Mathers, by his daughter, Mrs. F. H. Rowe, for prizes for excellence in public speaking. There are many other special subjects that could be encouraged by such prizes, and we hope this endowment will be increased each year.

The general endowment for salaries of teachers now amounts to \$149,000. But the report shows that the liberal arts courses cost \$16,261 more than the income from tuitions. This means that for every student in the liberal arts courses the college is giving at least \$80 a year more than the students pay in tuition and fees. In order to meet the present expense this general endowment fund should be increased to not less than \$309,000. I am aware that all these funds together, the scholarship fund, the professorship fund, the library fund, the gymnasium fund, the furniture and equipment fund, the prize fund, and the general endowment fund, thus expressed in terms of need, would require a total endowment fund of more than \$600,000. But I am sure that any man or woman who has been in God's providence made a steward of material possessions, will find on careful investigation that no investments yield larger returns than the investment in the adequate endowment of a college for making educated, efficient and devoted women. This is not merely a benevolence, but an opportunity for a most productive investment.

**Annuity Bonds.**  
The report shows that the college has now in force \$120,000 of annuity bonds. The college began writing these bonds in 1902, and the record shows that this has been a safe and attractive investment for the friends of the college and a great help in college advancement. This form of gift enables many friends to assist the college that could not help in any other way, and at the same time it affords a very safe investment for them, securing during their lives a larger income than any other safe investment, free from taxation and from all anxiety about reinvestment. Some of the annuitants have shown their pleasure and satisfaction by making a second investment in this fund. We commend this form of gift and hope the number of annuity bonds will increase every year. The total amount of annuity gifts since 1902 has been \$48,440, which has been carried at an average rate of less than five per cent. The fund is safely invested and has always paid its annual expense with a slight margin of profit. Of the above amount \$29,480 has already been canceled, partly by outright gifts of the annuitants, thus canceling the obligation, and partly by death of the annuitant, and this amount has been transferred to the productive endowment account. There has never been a delay of even a day in the payment of annuities and there has not been a loss of any amount in the investment.

**List of All Gifts.**  
An effort has been made, extending through several years, to get a complete list of all the gifts made to the college from its beginning in 1846. Unfortunately, the most thorough search has failed to find any record of a gift before 1863. It is most likely that the record of gifts

## HISTORY OF MEDICINE

The Morgan County Medical Society Will Be Fifty  
Years Old This Month.

Anyone who has information about any of the early doctors of this county, or of any Medical Meetings or Societies prior to 1866, will confer a favor by sending it to Dr. Walter Frank, secretary of the Morgan County Medical Society, 200 Ayers Bank Building, and it will be edited for this column.

Originally what is now Scott County was a part of Morgan County. For this reason, in considering the History of Medicine in Morgan County, the early Scott County Doctors must be included. Dr. Jas. Miner, the pastor of Medicine in Scott County, and one of the charter members of the Morgan County Medical Society has furnished some interesting reminiscences of the early days which we will have the privilege of printing in this column from day to day. Today we present:

**DR. WASHINGTON STARRETT.**  
Dr. Starrett was born in Ohio in 1867 and died in Winchester in 1879. He studied medicine with Dr. W. Beach and graduated at the New York Reformed Medical College in 1881. He came to Carroll-

ton, Ill., in 1886. He came to Winchester in 1890 and practiced medicine there until his death. He was more a student of Literature than Medicine.

A writer of both prose and verse of no mean ability. A man of wonderful retentive memory.

A great student of the Bible. If you quoted any portion of the Bible he could generally give you the book, chapter and verse containing it.

He kept but two books for reference, the Bible and the U. S. Dispensary. He was the first man in Winchester to have a copy of Webster's Unabridged Dictionary. After using it for one year, he disposed of it, saying he needed it no longer for reference.

Only let us give to the college the full measure of our devotion, only let us be faithful stewards. Here we raise our Ebenezer. Hitherto by God's help we've come. And we hope by His good pleasure safely to arrive at Home, that home being the successful completion of the million dollar jubilee fund by 1921.

**FORMER CONCORD WOMAN HAS PARALYTIC STROKE.**  
Friends of Mrs. N. H. Herbert, of Alamogordo, N. Mexico. Advised of Her Misfortune—Decorated Day Services in First M. E. Church—Other Concord News Items.

Concord, Ill. June 5.—Your correspondent received a letter recently from Mrs. Allen H. Henderson, of Alamogordo, New Mexico. The letter was written for Mrs. N. H. Herbert, who was a resident here a number of years ago. Mrs. Herbert was formerly Miss Carrie Henderson. Mrs. Herbert's friends will regret to hear of her affliction, for she has had a stroke of paralysis, and although not feeling able to write, she is not down sick. Mr. Herbert is enjoying his usual health altho a Civil War veteran, who wore the blue. Allen H. is city electrician of Alamogordo.

John Wilker and family of Mercedes were Sunday visitors at the home of W. F. Nergenhah.

Paul Sieving returned Friday from some point in Michigan, where he was employed.

Artie Ham had the misfortune to step on a nail and hurt one foot a few days ago. Prompt medical attention has prevented the injury from getting as serious as might have happened.

Decoration services were held this year in the First M. E. church, on Wednesday afternoon. The attendance was quite good not withstanding the inclement weather. The committee in charge were F. C. Nickel, G. J. R. Woolf, and James Sanders. Music was given by a choir selected from the M. E. Christian and M. P. churches and was a very pleasing part of the service.

Dr. F. A. McCarty, of Jacksonville, gave a splendid address suitable to the occasion. Rev. W. P. Bowman presided and Minister C. G. Cantrell offered prayer. At the conclusion of the exercises at the church the decorating committee went to the cemetery and decked the graves of about 48 old veterans. The flower committee present and acting were Mrs. Glen Caldwell, Mrs. Huber Wester and Miss Gail Nickel. The Misses Irene Valentine, Helen Yeck, and Bernice Murphy, were also on the flower committee, but unable to be present. The old veterans present were A. W. McConnell, James Roach, John Filson and E. P. Taylor, comrades Milton Ham being unable to be present on account of living 3 miles out of the village. Since last year, comrades Cowdin, Sanders, Nickel and Rexroat have answered the final roll call.

Children's Day was observed at the M. P. church here at eleven o'clock on Sunday morning. Daniel Deitrick, superintendent of the school presided and prayer was offered by the pastor, Rev. C. A. Fairchild. A very pleasing exercise was presented by the pupils, after which an offering for missions was taken. The service was largely attended.

Children's Day at the M. E. church next Sunday evening. The regular offering for Foreign Missions will be taken by the Christian S. S. and Minister C. G. Cantrell, will deliver the morning sermon as usual. No evening service.

J. E. Whorton, Mrs. L. H. Plank and Mrs. O. T. Hamm, attended the funeral of Mrs. G. W. Morris last Thursday afternoon in Jacksonville. Luther Brockhouse returned on Friday, from a short visit to Winona, Minnesota. He reports crops in good condition along the way, but not so forward as in Morgan co.

Mr. and Mrs. Gray Whorton, of Terrell, Texas, were calling on relatives near Pleasant View and Hope-well schools on Sunday.

A horse belonging to Walter Pfeil of Arenzville, dropped dead near the home of E. P. Plank 2 1/2 miles west of Concord. Heart trouble was the probable cause.

Minister C. E. Cantrell went to Berea on Saturday to fill his regular appointment.

John A. Whorton has returned from White Hall, where he went to see the family of his son-in-law.

Mrs. Shillinger of White Hall was Concord visitor last week.

## Choice of Our Entire

## Stock of

# TAILORED SUITS and COATS

## Please Bear In Mind

That this is a Reduction Sale of our ENTIRE STOCK. Every new Spring Silk and Cloth Suit or Coat has been reduced, not one garment has been reserved.

## May We Expect You?

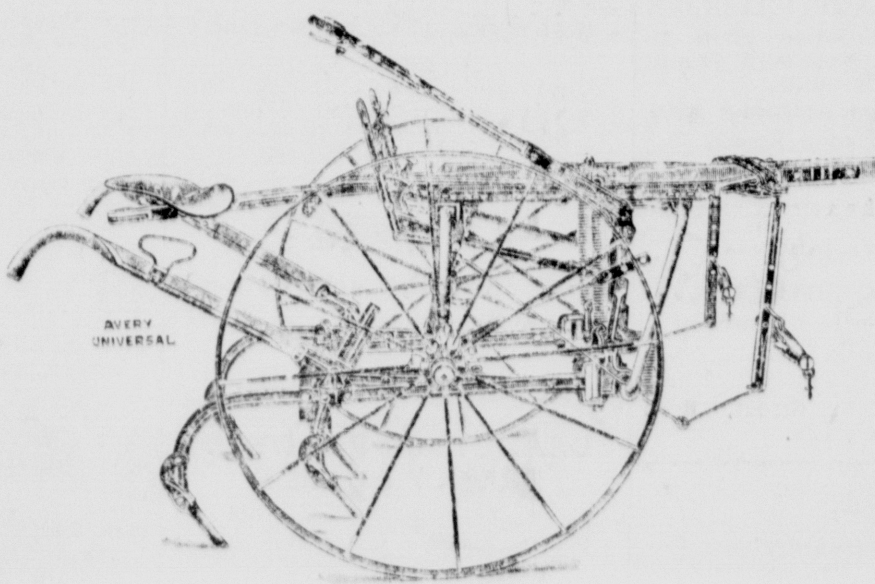

# C. J. Deppe & Co.

Suits and Coats of Quality

# We Sell AVERY CULTIVATORS

Because They Please Every User, and If You Will Investigate We Know You Will Buy No Other.

Extra strong in construction; long, dust proof boxes; special built wheel; heavy hub; 2 1/2 inch concave tire; double acting light spring for raising gangs; handy depth regulating lever, so connected that the depth of each gang can be adjusted instantly and accurately.

Special cushion spring which allows a change of depth of shovels, by a slight pressure of the foot.

All adjustments very convenient; special balancing lever, no neck weight, irrespective of weight of drive. Clear view of work as it is being done.

For a Pleased Farmer See a User of the Famous Avery CULTIVATOR.
